## BZA RESOLUTION NO. 2004-00070

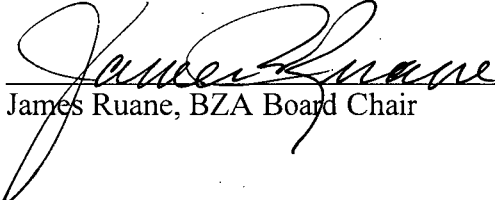

HAVING CONSIDERED THE ENTIRE RECORD REGARDING THIS MATTER AND HAVING HEARD THE EVIDENCE AS PRESENTED TO THE BOARD HERE TODAY, THE BOARD MAKES THE FOLLOWING FINDINGS:

1. That the Board of Zoning Appeals has jurisdiction to hear this appeal, pursuant to K.S.A. 12-759(d) and Section 2.12.590 of the Code of the City of Wichita, Kansas.
2. That the Board makes the following of fact:
  - a) That Community Unit Plan zoning and the adoption of a plan such as this is in fact a great use of private property rights rather than a taking by the Zoning Board or Zoning authorities in that it allows the developers and owners of the property to come together and cooperatively map out uses for their property for their mutual benefit and hopefully to add value in the future to their property.
  - b) We must interpret any reference to Zoning Code to mean the Code then in effect. Because although the Code might be subsequently amended or revised we certainly must understand that those parties entering into this contract, per zoning or contract, by which they agree to these restrictions are clearly referring to and understanding the Zoning Code as it existed at that time. You can't see into the future and anticipate further and future revisions to the Code.
  - c) Given the 1985 change that took place to this Zoning Code, we find that Mr. Schroeder's interpretation is quite reasonable, especially because Parcel 4 was being combined with another Parcel and the only limit to the CUP were those as specified particularly, and that the uses permitted or proposed being not addressed were not appealed. There would have been a specific recitation in 1985 were it anyone's intention at that time to make a significant change to the uses, and that the 1985 amendment goes only in so far particularly because this was a mixed use, and Section 4d and not Section 4a applies.
  - d) The language of the CUP (DP-104) limits the use of the parcel at issue to those proposed by the CUP.
  - e) The interpretation made by Kurt Schroeder was supported by the language contained in Wichita-Sedgwick County Unified Zoning Code and of the CUP defining the allowed uses.
  - f) The proposed use of the Parcels for 24-hour emergency care services is not a similar or less intensive use than those allowed by the CUP.

3. The Board further finds that the interpretation of the Zoning Administrator as set forth in his letter of August 15, 2004, was reasonable and is supported by the evidence presented at this hearing.
4. The Board further finds that the appellant has not met his burden of proof to show that the interpretation was in error.

THEREFORE, BASED UPON THE FOREGOING, THE BOARD RESOLVES THAT THE INTERPRETATION OF THE ZONING ADMINISTRATOR HEREIN BE AFFIRMED.

**ADOPTED AT WICHITA, KANSAS, this 14th DAY of December, 2004.**
