Dear Applicants:

We have reviewed your request for a Zoning Adjustment to adjust Condition #6 in P.O. 327 to modify screening requirements by removing roof mounted equipment from Condition #6.

Section V-C.14 of the Unified Zoning Code ("UZC") allows the Planning Director, with the concurrence of the Zoning Administrator, to approve minor adjustments to an approved PO. We find that modifying Condition #6 meet the conditions required by Sec. V.I.6 of the Code as set out below:

Protective Overlay (P.O.) #327 Condition #6 shall read as follows:

Loading docks, trash receptacles, ground level heating, air conditioning and mechanical equipment, free-standing coolers or refrigeration units, outdoor storage including portable storage containers, outdoor work areas or similar uses shall be screened from ground level view along K-96, Ridge Road and within a distance of 200 feet from any residential uses or residential zoning adjacent to the east line of the property. Screening of rooftop mechanical units shall not be required.

Our signatures below indicate that the modifications for P.O. #327 on the aforementioned property is hereby **GRANTED**, subject to the following conditions:

- 1) The site shall conform to all codes including but not limited to building, health and fire.

- 2) The adjustment applies only to Condition #6 of P.O. #327.
- 3) If the Zoning Administrator finds that there is a violation of any of the conditions of the Zoning Adjustment, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Zoning Adjustment is null and void.

The "Development Application" sign should now be removed from the property.
