CASE NUMBER: ZON2019-00050

APPLICANT/AGENT: K2 Properties LLC/Kirk Richards (owner)

REQUEST: TF-3 Two-Family Residential

CURRENT ZONING: SF-5 Single-Family Residential

SITE SIZE: 0.26 acre

LOCATION: Located approximately one-quarter mile south of West Central Avenue and one-quarter mile east of I-235 in the 400 Block of North Doris Street

PROPOSED USE: Duplex

BACKGROUND: The applicant/owner is requesting the rezoning of Lot 6, Block 8, Fruitvale Addition, (one lot south of 433 N. Doris) from SF-5 Single Family Residential (SF-5) to TF-3 Two Family Residential (TF-3). The property is currently vacant. TF-3 zoning district requires a 25-foot front setback and a 20-foot rear setback. The property is approximately 11,400 square feet, with 60 linear feet of frontage along North Doris Street. The Unified Zoning Code (UZC) requires a minimum of 6,000 square feet per duplex building.

Properties north, south, east and west of the subject site are zoned SF-5 and are developed with single-family residences. There is TF-3 zoning scattered in the neighborhood.

CASE HISTORY: The subject site is located in the Fruitvale Addition, platted in October 1929. No other zoning cases are associated with this site.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family residences
SOUTH:	SF-5	Single-family residences
EAST:	SF-5	Single-family residences
WEST:	SF-5	Single-family Residences

PUBLIC SERVICES: North Doris Street is a local gravel street with a 60-foot right-of-way. West Saint Louis Avenue is a local gravel street with a 60-foot right-of-way. The closest major intersection to the subject site is West Central Avenue and North I-235. The sewer line is located along the west (rear) property line and the water line is located on the east side of North Doris Street.

CONFORMANCE TO PLANS/POLICIES: The Wichita-Sedgwick County *Community Investments Plan*, identifies the area in which the site is located Established Central Area. The site is located within the urban infill strategy area, where residential development is encouraged. The uses envisioned for redevelopment in this area include duplexes. The Community Investments Plan identifies the property as appropriate for residential and defines residential as a variety of housing types including duplexes.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends APPROVAL of the request, as submitted.

1. The zoning, uses and character of the neighborhood: Properties north, south, east and west of the subject site are zoned SF-5 and are developed with single-family residences. There is TF-3 zoning scattered in the neighborhood.
2. The suitability of the subject property for the uses to which it has been restricted: The property is presently zoned SF-5 Single Family Residential and the property could be developed with a new single-family dwelling.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Most platted subdivisions that were platted prior to 1950 have a mix of single-family residences and duplexes. Because of the similarity of residential use, the UZC does not require screening between SF-5 and TF-3 zoning districts.
4. Length of time the property has been vacant as currently zoned: This lot has been vacant since 1950 and appears to have been associated with an adjacent property.
5. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the area in which the site is located as appropriate for residential uses within the Wichita city limit. The

Community Investments Plan identifies the property as appropriate for residential and define residential as a variety of housing types including duplexes.

6. Impact of the proposed development on community facilities: Development of the property would not have any impact on community facilities or resources. All public improvements are available to serve the property.
