Agenda Report # \_\_\_\_\_

TO: Mayor and City Council Members

SUBJECT: DP-184 - AMENDMENT TO THE PEARSON FARMS COMMERCIAL  
COMMUNITY UNIT PLAN

Z-3064 - ZONE CHANGE FROM THE "LC" LIGHT COMMERCIAL  
DISTRICT TO THE "C" COMMERCIAL DISTRICT, LOCATED ON THE  
SOUTHWEST CORNER OF 21ST STREET NORTH AND MAIZE ROAD.  
(District #5)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

-----  
MAPC Recommendation: Approve subject to conditions. (12-0)

Staff Recommendation: Approve subject to conditions.

CPO Recommendation: CPO Council "Northwest 5" recommended approval. (5-2)

Background: On August 27, 1992, the MAPC held a public hearing to consider approval of an amendment to the Pearson Farms Commercial Community Unit Plan and an associated zone change request from the "LC" Light Commercial District to the "C" Commercial District on a 4.44-acre portion of the 16.78-acre C.U.P. site. The C.U.P. is located on the southwest corner of the 21st and Maize Road intersection. The existing C.U.P. contains six parcels that are zoned the "OC" Office Commercial and "LC" Light Commercial Districts. These parcels have been approved for development of a variety of retail, office and personal service uses. The applicants propose to reconfigure the C.U.P. to create an additional (seventh) parcel. The parcel is proposed to be used for self-storage facilities, including the outdoor storage of vehicles, boats, recreational vehicles (R.V.s) and equipment. The outdoor storage is to be covered and limited to the rear 300 feet of the parcel. All storage is to be screened by masonry walls at least six feet high. Outdoor storage of this type is first permitted in the "C" Commercial zoning district. The applicants have, therefore, filed an associated zone change request from the "LC" Light Commercial to the "C" Commercial District.

In addition to reconfiguring the parcels within the C.U.P., the applicants are proposing to increase by one the number of access points along 21st Street (from five to six). The City Traffic

Engineer is not opposed to an additional access point for the proposed development along 21st Street. Self-service storage facilities such as those proposed by the applicants have a very low traffic generation rate in comparison to the general retail sales and service establishments that are currently approved for development within the existing C.U.P.

In keeping with the intent and purpose of the City's C.U.P. provisions to provide well planned and well organized non-residential development areas, the applicants have added a clause to the general provisions of the C.U.P. document which specify that future buildings on the parcels remaining to be developed shall share similar architectural character and have the same predominant exterior building material.

Protest petitions have been submitted and the results will be announced at the City Council meeting.

- RECOMMENDATIONS/ACTIONS:
1. Concur with the findings of the MAPC and approve the zone change and C.U.P., subject to the recommended conditions; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Council; or
  2. Return the applications to the MAPC for reconsideration, stating reasons.
  3. Override the Planning Commission's recommendation by a 2/3 majority vote of the membership of the governing body.
