Agenda Report # \_\_\_\_\_

TO: Mayor and City Council Members

SUBJECT: Z-3000 - ZONE CHANGE FROM THE "AA" ONE-FAMILY DWELLING DISTRICT TO THE "B" MULTIPLE-FAMILY DWELLING DISTRICT, LOCATED AT THE SOUTHWEST CORNER OF 2ND AND ROOSEVELT STREETS. (District #2)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

-----  
MAPC Recommendation: Approve (5-1).

Staff Recommendation: Approve.

CPO Recommendation: CPO Council "2A" recommended approval (5-1).

Background: On June 21, 1990, the MAPC held a public hearing to consider a zone change request from the "AA" One-Family Dwelling District to the "B" Multiple-Family Dwelling District for a portion of a platted lot located at the southwest corner of 2nd Street North and Roosevelt. The application area measures .4 of an acre and was platted in 1884 as part of Lot 4, Block 6, College Hill Addition. The site has 177 feet of frontage to Roosevelt Street and 150 feet of frontage to 2nd Street. If this case is approved, the applicant's intended use for the property is a house museum of Frank Lloyd Wright architecture. Attached to this report is a four-page statement (Exhibit A) prepared by the applicant's agent which describes the proposed museum use. Central Inspection has interpreted that the first zoning district that permits the use described by the applicant is the "B" District [28.04.070(A)(6)].

The residential building at 255 North Roosevelt, known historically as the Henry J. Allen House, has been listed on the National Register of Historic Places since 1973. Internationally reknowned architect Frank Lloyd Wright designed the dwelling; construction of it was completed in 1919. Designation of the building as an historic landmark is based on the significance of it being the only residential building in Kansas designed by Wright; its association with the prominent journalist and statesman Henry J. Allen; and it being an outstanding architectural representation of the "Prairie House" for which Wright is most noted.

The applicant's agent has advised that floor plans of the 4,954-square-foot house on the subject property have been submitted to Central Inspection for a determination of required parking for the proposed house museum use. It has been determined that a minimum of 20 off-street parking spaces will be required. According to the applicant's agent, 5 to 7 of these required parking spaces can be provided on site and an agreement is being worked out with St. James Episcopal Church (3750 E. Douglas) to permit the use of 15 parking spaces in the church's parking lot. The church parking lot is approximately 720 feet from the proposed house museum. The applicant is advised that a variance will be needed to permit required parking to be located in a parking lot which is more than 600 feet from the boundary of the use for which the parking is provided [28.04.145(1.2)].

After the MAPC hearing, staff requested that the applicants submit a draft covenant indicating the types of restrictions that they would be willing to offer on the use of the property. Attached is the applicants' response. The draft covenant would limit the use to a house museum and other uses permitted in "AA", but does not include more specific limitations that were suggested by staff, CPO, MAPC and nearby residents.

Legal Consideration: Valid protest petitions have been filed by property owners representing 75% of the property within 200 feet of the application area. Since the amount of protest is greater than 20%, a 6/7 vote or greater by the Council is required to approve this zone change request.

In accordance with K.S.A. 75-2724, this zone change request has been reviewed by the State Historic Preservation office. This review is required since the application area includes the historic Henry J. Allen House. A copy of the Kansas State Historical Society's findings is attached.

- RECOMMENDATIONS/ACTIONS:
1. Concur with the findings of the MAPC and approve the zone change request, subject to the covenant; place the ordinance establishing the zone change on first reading and instruct the City Clerk to withhold publication until a recorded copy of the covenant has been provided to the Planning Department.
  2. Return the application to the MAPC for reconsideration, stating reasons.
