Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-3112 - A request for a zone change from the "BB" Office District to the "LC" Light Commercial District, generally located at the southwest corner of Central and Kessler (District #4)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

City Council Action (1-11-94): Deferred for 3-weeks
City Council Action (2-1-94): Referred back to MAPC

MAPC Recommendation (12-16-94): Approve zone change (11-2).
MAPC Recommendation (4-21-94): Approve zone change (7-3).

Staff Recommendation: Deny zone change.

CPO Recommendation: Approve zone change (8-0).

Background: The applicant is requesting a zone change from the "BB" Office district to the "LC" Light Commercial district for a 2.2 acre portion of a platted lot generally located at the southwest corner of Central and Kessler. The application area is currently vacant. The applicant has not indicated any proposed use for the property.

Surrounding property to the north is zoned "BB" Office, "LC" Light Commercial and "AA" Single family and is partially vacant and developed with single family homes, a bank and a vacant retail store/office. Single family homes exist to the east on property zoned "AA" Single Family. A Food Barn and various other retail uses are located to the west of the application area on property zoned "LC" Light Commercial. Property south of the application area is zoned "AA" Single family and "BB" Office and is vacant except for two single family homes. Apartments exist south of Newell Street.

A 0.5 acre site adjacent to the west of the application area is currently zoned "LC" Light Commercial. When combined with the current request, the applicant's potential "LC" Light Commercial ownership is slightly less than 3 acres. Contiguous lands 6 acres in size or greater and held in single ownership require a Community Unit Plan. Property owners that do not meet these requirements may volunteer to submit a C.U.P. to restrict development and create site design features to ensure compatibility with surrounding land uses. The applicant has chosen not to submit a C.U.P.

The Comprehensive Plan identifies this area for residential uses and the Area Treatment Classification Map shows the area for revitalization efforts. While commercial development is important in any revitalization effort, staff feels that any commercial development adjacent to residential uses should be carefully planned and designed in order to address negative impacts and ensure the viability of the neighborhood. Staff recommends that the request for "LC" Light Commercial be denied.

In December 1993, the MAPC recommended that the request for "LC" Light Commercial be approved. The City Council at their February 1, 1994 meeting, referred this matter back to the MAPC to reconsider "OC" Office Commercial zoning for the site. When the MAPC heard this matter at their April 21, 1994 meeting, the applicants indicated that they have no identified use for this site. However, they still want to rezone the property to allow for uses permitted in the "LC" Light Commercial district. The applicants indicated that they did not want to consider "OC" Office Commercial. The MAPC recommended approval of "LC" Light Commercial, with the condition that the applicants work with staff to develop an appropriate landscape buffer design along Kessler to protect existing residential uses surrounding the property.

Recommendations/Actions:

1. Concur with the findings of the MAPC and approve the zone change; place the ordinance establishing the zone change on first reading -or-
2. Adopt staff findings and deny the application, but approve rezoning to the "OC" classification.

(An override of the Planning Commission's recommendation requires a 2/3 majority vote of the membership of the governing body of first hearing).
