Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-3225 - ALLEN R. AND GENDA L. POULTER (APPLICANT)
REQUEST ZONE CHANGE FROM "SF-6" SINGLE-FAMILY
RESIDENTIAL TO "LI" LIMITED INDUSTRIAL, LOCATED NORTH OF
PAWNEE, EAST OF HOOVER ROAD (2152 S. HOOVER ROAD).

(DISTRICT #5)

INITIATED BY: Metropolitan Area Planning Department 

AGENDA ACTION: Planning

MAPC Recommendation: Approve, subject to platting within 1 year (11-0).

Staff Recommendation: Approve, subject to platting within 1 year.

CPO Recommendation: Approve, subject to platting within 1 year. (7-0)

Background: The applicant requests a zone change from "SF-6" Single-Family Residential to "LI" Limited Industrial on a 7.47 acre unplatted tract located north of Pawnee (extended) on the east side of Hoover Road.

The request is being made in order to establish an automotive repair business. The applicants' residence is located on the site, with the balance of the 7.47 acres undeveloped. The applicants have stated they intend to construct a commercial building on the southwest corner of the subject property for their automotive repair business. The Unified Zoning Code first permits "vehicle repair, general" in the "GC" General Commercial district, however zoning a site of this size would also require a Community Unit Plan overlay. The applicants chose to request "LI" in order to develop their automotive repair business without the additional expense of the CUP, and also based on the fact that the surrounding "LI" zoning is not restricted in a similar manner.

The applicants have been advised that their residence will become a nonconforming use/structure if the rezoning is approved, and have indicated their understanding of the limits placed on the home in a nonconforming situation.

The surrounding uses are predominately industrial in nature, with property to the north zoned "LI" with residential uses. South of the application area is S.B.K. Supply and Millwork and zoned "LI". The Wichita-Valley Center Floodway is located on property zoned "SF-6" to the east. Across Hoover to the west is property owned by the Wichita Airport Authority and zoned "SF-6". The property zoned "SF-6" to the east and west are restricted from developing with residential uses, with the Wichita Airport Authority property to the west having the potential to be rezoned to "LI" for any future expansion of the Mid-Continent Airport or other aviation-related uses.

After limited discussion of this matter during the Planning Commission hearing, the MAPC voted (11-0) to approve the request as recommended by staff.

Recommendation:

1. Concur with the findings of the MAPC and approve the zone change, subject to the condition of platting; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Council; or
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on the first hearing.)
