RE: ZON2019-00059 - City zone change from SF-5 Single-family Residential to TF-3 Two-family Residential zoning district, generally located on the on the North side of West 9th Street North and one-half mile West of North McLean Boulevard. (3318 W. 9th St. N. and 1003 N. Sheridan).

Dear Applicants:

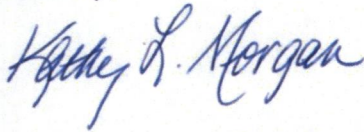

At its regular meeting on **July 7, 2020**, the Wichita City Council considered the above captioned request. The action of the MAPC was to **APPROVE** the zone change from SF-5 Single Family Residential to TF-3 Two-Family Residential with the following conditions:

Protective Overlay #345

1. All uses that are allowed in the TF-3 zoning district.
2. The following conditions shall apply to ZON2019-59:
 - a. **Garages.** The duplexes may have front garages. Two shade trees shall be planted on each lot. Trees will be located so that street visibility is not impaired.
 - b. **Corner lot.** There shall be five-foot sidewalks along the north side of 9th Street for the 3 platted duplex lots.
 - c. **Entrances.** Pedestrian scaled entry shall have an architectural element in front of the door, five feet behind the garage.
 - d. **Architectural Variety.** Developments shall achieve architectural variety by using different materials between adjacent structures, an example being a brick façade on the bottom 42" of the front of the structure and a native stone on the next one. Also we will have two different roof lines on the front on the structure with offset garages.
 - e. **Windows and Transparency.** Transparent windows and/or doors facing the street are required. To meet this requirement, at least 10 percent of the façade must be transparent. The garage door panels shall not have glass.
 - f. **Roof Design.** Roofs shall have variation in roof planes in order to break up the large roof mass through dormers, gables, or changes in elevation. Roof forms and

- roof pitches of porches, dormers and garages shall be consistent and complement the building style within the neighborhood.
- g. **Siding materials.** Siding materials shall be appropriate to the architectural style of the structure. Traditional materials consistent with the neighborhood architectural styles are encouraged such as wood, masonry and brick. Siding materials and window trim should be consistent on all sides of the structures.
 - h. **HVAC.** HVAC units shall be located away from the front of the buildings and screened from public view through landscaping and/or screen walls.
3. The zoning lot shall be platted and limited to three (3) duplexes for a total of six (6) units.
 4. Any changes to PO #345 will require approval by the Metropolitan Area Planning Commission.
 5. Prior to publishing the ordinance establishing the zone change, the applicants shall record a document with the Register of Deeds indicating that this tract includes special conditions for development on this property.

Sincerely,
