City of Wichita  
City Council Meeting  
April 1, 1997

Agenda Report # \_\_\_\_\_

**TO:** Mayor and City Council Members

**SUBJECT:** Z-3221 - ROBERT BOORIGIE (APPLICANT); KIRK MILLER (AGENT)  
REQUEST ZONE CHANGE FROM "LC" LIGHT COMMERCIAL & "SF-6" SINGLE-FAMILY  
RESIDENTIAL TO "LI" LIMITED INDUSTRIAL, LOCATED WEST OF HILLSIDE, NORTH  
OF CONAMORE (2853 S. HILLSIDE).  
(DISTRICT #3)

**INITIATED BY:** Metropolitan Area Planning Department

*W. Kroust  
law*

**AGENDA ACTION:** Planning

**MAPC Recommendation:** Approve, subject to platting within 1 year, and the additional provisions of a (P-O) Protective Overlay (7-0-1).

**Staff Recommendation:** Approve, subject to platting within 1 year.

**CPO Recommendation:** Approve (5-4).

**Background:** The applicant requests a zone change from "LC" Limited Commercial and "SF-6" Single-Family Residential to "LI" Limited Industrial on a 2.32 acre unplatted tract located west of Hillside in an area north of Conamore.

The applicant is requesting the zone change in order to expand the existing machine shop, Precision Metalcraft, Inc. Machine shops are first permitted in the "GC" General Commercial district, provided that the entire frontage of the ground floor along the principle street frontage is used for office space, display, or wholesale or retail sales, otherwise the use would be permitted in the "LI" district. The zone change would bring the use into conformance and provide the applicant the ability to expand the business more than the 30 percent allowed nonconforming uses on unplatted property.

To the south of the application area is an automotive repair shop on property zoned "LC". Across Hillside to the east is another automotive repair shop with "LC" zoning.

During the Planning Commission's discussion of this matter on February 27, 1997, questions were asked by area residents concerning the potential use of the western portion of the subject property

for industrial uses. In response, the agent for the applicant described Precision Metalcraft's future expansion plans. The agent also outlined the Protective Overlay (P-O) developed with staff, based on the P-O recommended by CPO(3), to limit the use of the western portion of the site to accessory parking, warehouse uses, or machine shop uses. The P-O also restricts delivery service and includes screening requirements. After discussion, the MAPC voted (7-0-1) to approve the request with the additional provisions of a Protective Overlay as recommended by staff.

**Recommendation:**

1. Concur with the findings of the MAPC and approve the zone change, subject to the additional recommended provisions of a Protective Overlay District and subject to the condition of platting; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Council; or
2. Return the application to the MAPC for consideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on the first hearing.)
