Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-3212 - DALE HECOX (PROPERTY OWNER/APPLICANT); MARK SAVOY (AGENT) REQUESTS A ZONE CHANGE FROM "B" MULTI-FAMILY TO "OW" OFFICE WAREHOUSE, GENERALLY LOCATED ON THE NORTH SIDE OF OAK KNOLL, EAST OF ROCK ROAD,
(DISTRICT # 2)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approve the zone change, subject to replatting within 1 year (12-0).

Staff Recommendation: Approve the zone change, subject to replatting within 1 year.

CPO Recommendation: Approve (7-1).

Background: The applicant requests a zone change from "B" Multi-Family Residential to "OW" Office Warehouse for a 5.66 platted tract located east of Rock Road, north of Oak Knoll. Although the application did not state any specific use for the property, the agent for the applicant has indicated that the zoning and land uses to the south and west of the property makes this site better suited for the uses allowed in the "OW" district.

This is the first filing for Office Warehouse zoning, a new district established by the Unified Zoning Code. The Office Warehouse district "intends to accommodate office and warehousing activities for the building trades and similar businesses with operating characteristics that do not require highly visible locations or the type of vehicular access needed for retail and high-intensity office development." Some of the types of uses allowed in this district include: recycling collection stations, minor utility, commercial communication towers, construction sales and service, general office, general retail, self-storage warehouse, limited manufacturing, wholesale or business service, and warehousing.

The property immediately to the north of the application site is currently undeveloped and zoned "B" Multi-Family. Further to the north is an apartment complex, also zoned "B". There is multi-family residential development on "MF-29" Multi-Family Residential zoned land to the east. South of the application area is the Kincaid Coach Lines, Inc and several large fuel storage tanks, zoned "LI" Limited Industrial. To the west is an KG&E transformer substation on property zone "LC" Limited Commercial.

During the Planning Commission's discussion of this matter, the agent for the applicant stated that the owner of the subject property chose to rezone to the new "OW" Office Warehouse district in order to provide a zoning buffer between the "LI" Limited Industrial zoning to the south and the "B" Multi-Family Residential. After the discussion, the MAPC voted (12-0) to approve the request as recommended by staff.

Recommendation:

1. Concur with the findings of the MAPC and approve the zone change, subject to the condition of replatting; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Council; or
2. Return the application to the MAPC for consideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on the first hearing.)
