Re: Case No. 11-54

Dear Mr. Garnett:

On October 15, 1956 the Board of Zoning Appeals reviewed your Case concerning the use of the area on the west side of El Rancho Road from a point one hundred fifty (150) feet south of Pawnee Avenue to a point two hundred two and seventy-three hundredths (202.73) feet south of Pawnee, said area being one hundred fifty (150) feet deep, for use as a parking lot.

At that time the Board agreed to grant an extension of your permit, which had been approved on November 17, 1954, for one year from October 20, 1956. Since this period expires October 20, 1957, it will be necessary for the Board to reconsider your Case if an extension of time is desired.

For your information, the Board will meet on October 11, 1957 at 1:30 p.m. in the City Commission Room at City Hall and will consider your case at that time.

Due to the absence of Geo. J. Fisher, Secretary of the Board, I am taking this opportunity of notifying you of this matter.

Very truly yours,

RE: Case No. 11-54

Dear Mr. Garnett:

The Board of Zoning Appeals at its meeting of October 15, 1956 reviewed the circumstances in regard to your Case which you discussed over the telephone with me and also which you set forth in your letter of October 19, 1956.

In view of the fact that your business does not warrant development of this parking lot at the present time, the Board has agreed to grant an extension of your permit for a period of one year from (October 20, 1956). If at the end of this year you still have not improved and developed the area for parking, the Board will again have to consider the Case.

Re: Case No. 11-54

Dear Mr. Garnett:

This is to advise you that the Board of Zoning Appeals at its meeting of October 11, 1957 revoked the special permit for a parking lot on the west side of El Rancho Road from a point one hundred fifty (150) feet south of Pawnee Avenue to a point two hundred two and seventy-three hundredth (202.73) feet south of Pawnee, said area being one hundred fifty (150) feet deep.

The revocation was based on Section 21-19, Sub-section 6.1, Volume I of the City Code which provides that such a permit is revocable if there is failure to start development of the area within six months after the issuance of the permit. The permit involving this area was issued on December 17, 1954 and had been extended to October 20, 1957. The area has not been developed and you were not present at the meeting of October 11 to give reasons why it was not developed or to request an extension of the permit; consequently, the Board took the action referred to above.

Dear Mr. Garnett:

On December 17, 1954 the Board of Zoning Appeals granted a permit to Mr. Merle D. Parker, 2808 Glen Oaks Drive, to use the area on the west side of El Rancho Road from a point one hundred fifty (150) feet south of Pawnee Avenue to a point two hundred two and seventy-three hundredths (202.73) feet south of Pawnee, said area being one hundred fifty (150) feet deep, for a parking lot. It is our understanding that you are the present owner of this tract of ground. The permit for the parking lot was to be issued when the building permit for the new building at the south-west corner of Pawnee and El Rancho Road was issued. Over one year has elapsed since the granting of this appeal and you have not applied for your permit.

The Board of Zoning Appeals at a recent meeting made a ruling to the effect "that after one year has elapsed from the granting of the appeal, the Secretary shall send a notice to the Appellant to appear and show cause why the Board should not cancel their permit".

The next meeting of the Board of Zoning Appeals will be held at 1:30 p.m. on April 20, 1956 in the Assembly Room of the Police Academy Building, 239 West William. Since you have not applied for a building permit within the one year period set by the Board of Zoning Appeals, it will be necessary for you to appear before the Board at the above specified meeting and show cause why the Board should not cancel your parking permit.

Dear Mr. Garnett:

On December 17, 1954, the Board of Zoning Appeals granted a permit to Mr. Merle D. Parker, 2808 Glen Oaks Drive, to use the area on the west side of El Rancho Road from a point one hundred fifty (150) feet south of Pawnee Avenue to a point two hundred two and seventy-three hundredths (202.73) feet south of Pawnee, said area being one hundred fifty (150) feet deep, for a parking lot.

On April 19 and April 20, 1956, you were issued building permits numbers 8765 and 8767 to construct a building on the property just north of this land in question.

The resolution granting the permit for the parking on the land south of your building states that:

"NOW THEREFORE BE IT RESOLVED by the Board of Zoning Appeals that this appeal be granted and a parking lot installed in the "RB" district in an area south of Pawnee on the west side of El Rancho, SUBJECT TO (1) surfacing the lot with concrete or with 4" of tightly packed crushed rock and a minimum of 2" asphalt, (2) planting adequate screening of shrubs between the lot and the property to the west, and (3) meeting the requirements of Section 13-B of the Zoning Ordinance. Also, the variance will not become effective until the appellant has a building permit from the City Building Inspection Superintendent for a building on the piece of land 50' x 150' lying in the southwest corner of Pawnee and El Rancho Road.

*10/9/56 - Talked to Garnett - Will write letter requesting extension of permit for 1 year & will try to attend meeting.*

Mr. Leonard Garnett  
September 6, 1956

As noted in this paragraph, the permit became effective when you obtained a building permit for the building.

Section 21-19, Volume I of the City Code, specifies that such a permit is revocable if development or use of the area is not started within six months after the issuance of the permit; if the area is abandoned for parking purposes for six months; if you fail to properly maintain the premises; or if you fail to comply with the requirements contained in this section or imposed by the Board of Zoning Appeals.

The six months time expires October 20, 1956, and we would appreciate being advised whether or not you are going to develop this parking area as required or whether the permit should be revoked.
