

December 5, 1958

Mr. Orval J. Kaufman
Attorney
Suite 830
First National-Bank Building
Wichita 2, Kansas

Dear Mr. Kaufman:

Subject: CU-4

At the regular meeting of the Metropolitan Area Planning Commission held on December 4, 1958, the Planning staff informed the Planning Commission that this Conditional Use Application was inadvertently accepted and placed on the agenda. The Planning staff further requested that the matter be withdrawn permanently from the agenda and that the staff be authorized and directed to determine what procedure might be employed to obtain a refund of the \$25.00 application fee paid for this matter. These suggestions to the Planning Commission were made in accordance with a conversation held with Mr. McCarthy of your office shortly before the meeting.

The Planning Commission acted officially in compliance with the request of the staff and the item has been withdrawn permanently from the Planning Commission agenda. The staff will now investigate the possibility of obtaining the refund from the appropriate authority.

Very truly yours,

L. L. Little
Director of Planning
