

June 13, 1974

Sharon Dearing, Deputy County Clerk

Jack H. Galbraith, Chief Planner

CU-132 - Request for a conditional use for a mobile home court on the east side of Hydraulic in an area $\frac{1}{4}$ mile south of Kechi Rd.

The Board of County Commissioners at their regular meeting of June 23, 1971 approved the above captioned conditional use case for a proposed mobile home park subject to the condition of platting within one year. Subsequently, the Board of County Commissioners has on two occasions extended the time of platting, the last being on June 13, 1973 to June 23, 1974. Yesterday we received a letter from Layman Clark, the applicant, stating that he had no further interest in this case, that he had sold the property and the new owner had no interest in developing a mobile home park on subject property, and that the case could be considered closed.

Therefore, this is to advise you that we have marked the case file closed and that copies of the resolution in your office should be marked "null and void".

If you have any questions concerning this matter, please contact our office.
