City Council Meeting
December 16, 2003

Agenda Report No.

TO: Mayor and City Council

SUBJECT: ZON2003-00058 – Zone change from “SF-5” Single-family Residential to “TF-3” Two-family Residential. Generally located north of Central and west of Tyler (east of Waddington and 1/2 block south of Bekemeyer). (District V)

INITIATED BY: Metropolitan Area Planning Department *JLS*

AGENDA: Planning (Consent)

MAPC Recommendation: Approve. (12-0)

Staff Recommendation: Approve.

DAB Recommendation: Approve. (6-0)

BACKGROUND: The application area is an undeveloped platted subdivision containing 16 lots that is located east of Waddington and ½ block south of Bekemeyer. The site is currently zoned "SF-5" Single-family Residential. The applicant is seeking "TF-3" zoning to allow for the development of duplex units on 4.2 acres. If the sixteen lots are developed with duplex units, the site could accommodate 32 units at a density of 7.6 units per acre. Access to the site is via residential streets serving single-family homes. The site is land locked between existing residential uses to the north and west and an office to the east and undeveloped commercial property to the south that prohibit this site from having direct access to Tyler Road or Central. The site is a passed over tract that was once part of the old Four H / County Extension campus.

The property located to the north is zoned "SF-5" and developed with single-family residences. Property to the east is zoned "GO" General Office and developed with a medical office. Land to the south is vacant, but is zoned for "LC" Limited Commercial uses while property to the west is zoned "SF-5" Single-family Residential and developed with single-family residences.

The Metropolitan Area Planning Commission reviewed this case on November 20, 2003, and recommended approval. No one spoke regarding the case.

RECOMMENDATION:

1. Concur with the findings of the MAPC and approve the zone change; approve first reading of the ordinance establishing the zone change; or
2. Return the application to MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3 majority vote of the members of the membership of the governing body on the first hearing.)
