RE: ZON2022-00033: Zone change request in the City from SF-5 Single-Family Residential to TF-3 Two-Family Residential and LC Limited Commercial for duplex and commercial development on property located on the south side of West 21st Street North and on the West side of North 151st Street West (15601 W. 21st Street North).

Dear Applicant;

At its regular meeting on **December 6, 2022**, the Wichita City Council considered the above captioned request. The action of the City Council was to **APPROVE** the request subject to the following Protective Overlay.

1. The publication of the zoning ordinance shall not occur until annexation in the City of Wichita has occurred.
2. The LC Limited Commercial zoned property shall conform to Section III-C.2.b of the Unified Zoning Code and establish a Community Unit Plan prior to the issuance of any building permits within the LC Limited Commercial zoned area.
 - a. If the Community Unit Plan is established prior to annexation into the City of Wichita, the Community Unit Plan shall contain language consistent with the landscaping requirements of the Wichita Landscape Ordinance.
3. Amendments, adjustments, or interpretations of this Protective Overlay shall be done in accordance with the Unified Zoning Code.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268 4421.

Sincerely,

STAFF REPORT

MAPC: July 21, 2022

CAB 3: July 25, 2022

CASE NUMBER: ZON2022-00033 (County)

APPLICANT/AGENT: Smarsh Jerome J Rev Trust (owner)/ Nett Development, Co., Inc. (contract buyer)/ Garver, LLC (agents)

REQUEST: TF-3 Two-Family Residential and LC Limited Commercial

CURRENT ZONING: RR Rural Residential

SITE SIZE: 101.16 acre

LOCATION: Generally located on the south side of West 21st Street North and on the west side of North 151st Street East (15601 West 21st Street North).

PROPOSED USE: Duplex and Commercial Development

RECOMMENDATION: Approval

BACKGROUND: The applicant is requesting a zone change from RR Rural Residential to TF-3 Two-Family Residential and LC Limited Commercial on property located on the south side of West 21st Street North and on the west side of North 151st Street West (15601 West 21st Street North). The subject site is 101.16 acres in total. The contract buyer intends to develop the northeast 9.11 acres with LC uses and the remaining 92.05 acres with two-family residential. The attached site plan illustrates a preliminary layout of the development. The property is unplatted, and the final layout will be determined at the time of platting. The property is in unincorporated Sedgwick County. The contract buyer intends to seek island annexation into the City of Wichita. Island annexation is when there is a request to annex land that does not directly abut or is not across the street from the city limits. The city limits of Wichita are within one-quarter to one-half mile east/southeast of the subject site. This type of annexation requires a resolution to be adopted by the Wichita City Council and final approval by the Sedgwick County Board of County Commissioners. Staff is recommending that if the zoning request is approved, that the publication of the ordinance (which perfects the zoning) be delayed until the annexation is considered. This effectively makes the zoning contingent upon approval of the annexation. The applicant did not seek annexation first as they desire to see if the zoning is approved prior to initiation the island annexation process.

TF-3 Two-Family Residential zoning permits development of duplexes, single-family homes in addition to a limited number of civic uses such as churches and school.

LC Limited Commercial zoning is a typical commercial zoning for the intersection of two arterial streets and permits commercial uses like restaurants, service stations, vehicle repair (mechanic shops, but not auto body shops), retail, financial institutions, etc. Additionally, it permits multi-family residential, duplex, and single-family dwellings. The intended type of commercial development has not been determined at this time. Because the size of the land intended for commercial development is over six acres, Section III-C.2.b of the Unified Zoning Code requires the establishment of a Community Unit Plan (CUP). This is required to be established before any commercial development occurs. Non-residential CUPs require a minimum of a six-foot screening wall when abutting or adjacent to residential zoning. Additionally, annexation into the City of Wichita requires adherence to the Wichita's Landscape Ordinance, which requires a landscaped street yard with parking lot screening along West 21st Street and North 151st Street in addition to a landscape buffer along applicable property line where non-residential uses abut residential zoning.

Properties to the north, west, and south are zoned RR Rural Residential, and the land is predominantly used for agricultural purposes. Adjacent to the south is a small enclave of 14 single-family dwellings on non-conforming lots of approximately one-half acre in size. Property abutting to the west, along West 21st Street has been acquired by the Kansas Department of Transportation for the possible future development of the Northwest Bypass, which would have an interchange at West 21st Street, west of the subject site. Properties to the northeast and east are zone SF-20 Single-Family Residential with single-dwelling residential and agricultural uses. Within one-quarter mile northeast of the site, the property is zoned PUD #27 and is developed with St. Teresa Hospital. Approximately one-half mile east/southeast is the city limits of Wichita with SF-5 Single-Family Residential zoning developed with suburban scale residential uses.

CASE HISTORY: The property is unplatted. Platting is required prior to the issuance of budling permits.

ADJACENT ZONING AND LAND USE:

NORTH:	RR	Agricultural land
EAST:	SF-20	Single-family dwelling and agricultural land
SOUTH:	RR	Single-family dwelling and agricultural land
WEST:	RR	Agricultural land

PUBLIC SERVICES: West 21st Street North is a paved two-lane County arterial with open ditches. North 151st Street West is a gravel, two-way county arterial with open ditches. Any required improvements to either street right-of-way (dedication of additional right-of-way, paving, access control, etc.) will be determined at the time of platting. Wichita City water is nearby at the intersection of West 21st Street and North 151st Street. Wichita City sewer is nearby at St. Teresa Hospital. Both services will have to be extended prior to development. A drainage plan is required as part of the platting process. Development cannot occur without an approved drainage plan.

CONFORMANCE TO PLANS/POLICIES: The requested zoning is in conformance with Community Investment Plan. The Community Investments Plan (the Wichita-Sedgwick County Comprehensive Plan) includes the 2035 Wichita Future Growth Concept Map. The Map identifies the area in which the site to be within the Wichita 2035 growth area, and it is designated for New Residential/Employment Mix and New Residential development. The portion of the property intended for LC Limited Commercial zoning is within the New Residential/Employment Mix category. This category designates development of a mixed nature where residential housing types will likely be higher density and employment uses will likely have limited negative impacts associated with noise, hazardous emissions, visual blight, and odor. The portion of the property intended for two-family residential is within the New Residential category. This category is appropriate for the full diversity of housing types including two-family. This category also notes that commercial uses likely will be developed within the area based on market-driven location factors.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends **APPROVAL** of the zone change request subject to Protective Overlay #393

Protective Overlay #393

1. The publication of the zoning ordinance shall not occur until annexation in the City of Wichita has occurred.
2. The LC Limited Commercial zoned property shall conform to Section III-C.2.b of the Unified Zoning Code and establish a Community Unit Plan prior to the issuance of any building permits within the LC Limited Commercial zoned area.
 - a. If the Community Unit Plan is established prior to annexation into the City of Wichita, the Community Unit Plan shall contain language consistent with the landscaping requirements of the Wichita Landscape Ordinance.
3. Amendments, adjustments, or interpretations of this Protective Overlay shall be done in accordance with the Unified Zoning Code.

This recommendation is based on the following findings:

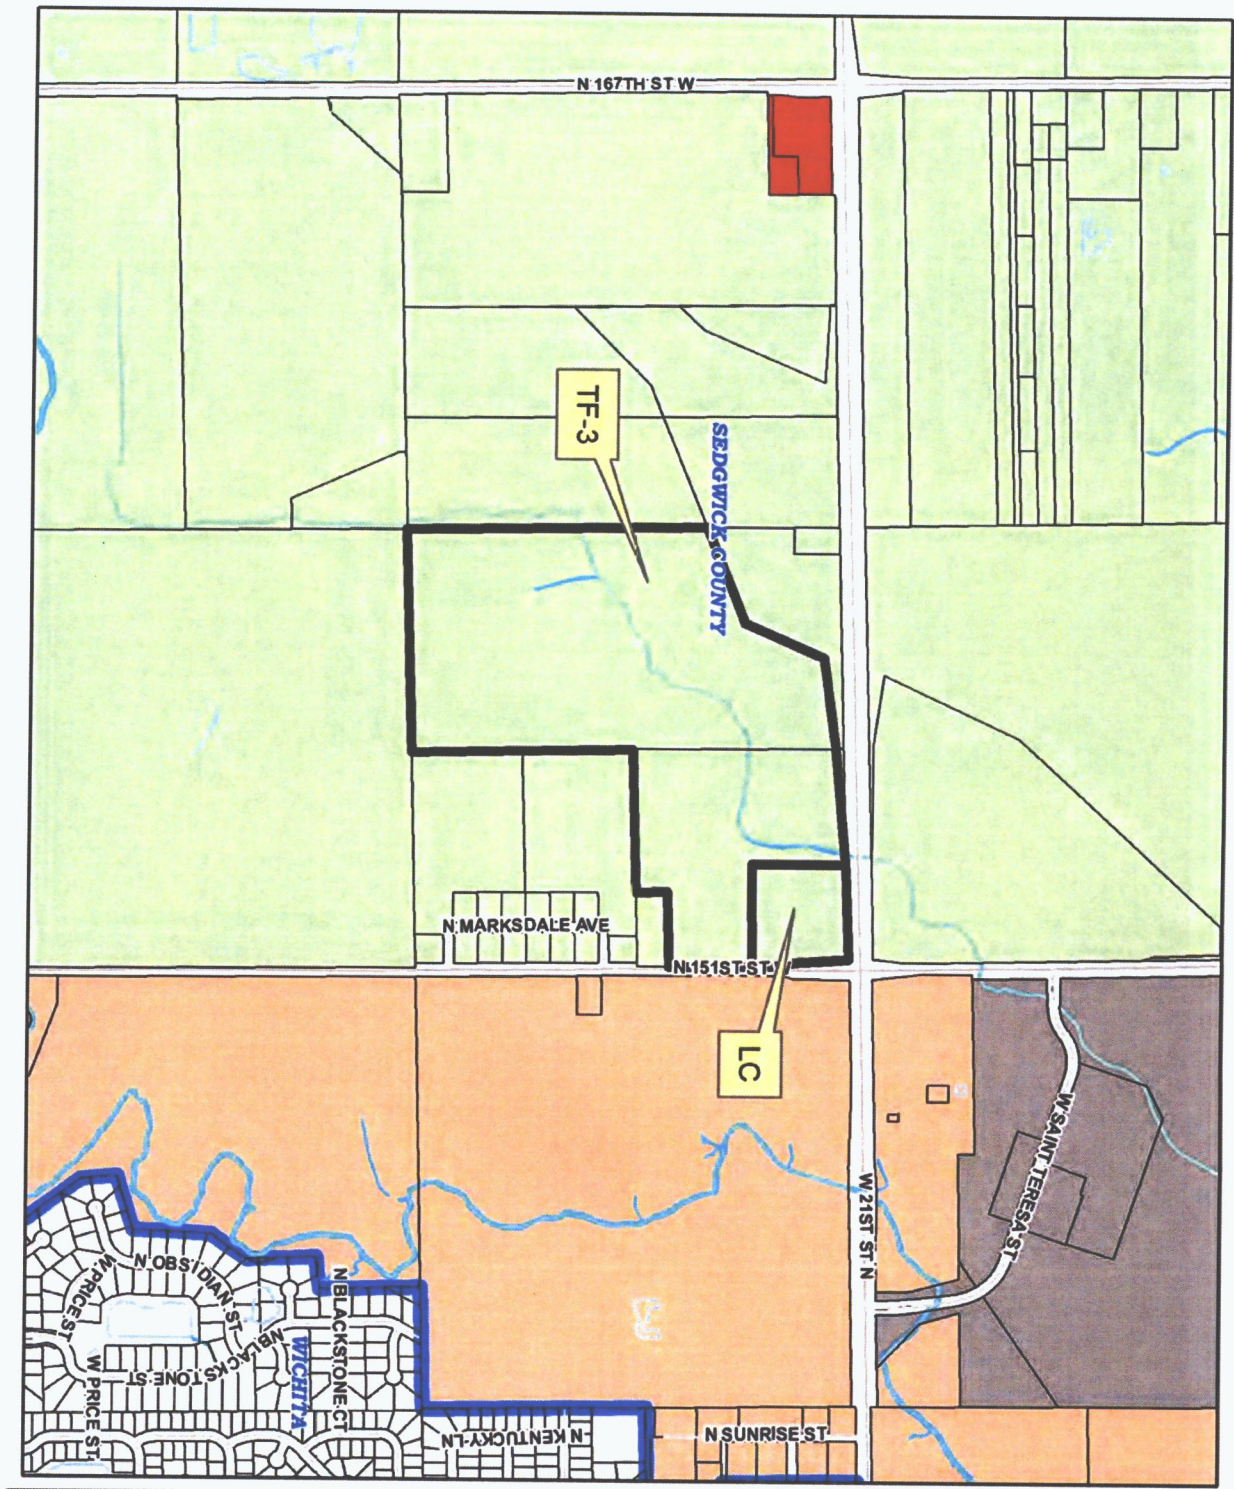

1. **The zoning, uses and character of the neighborhood:** Properties to the north, west, and south are zoned RR Rural Residential, and the land is predominantly used for agricultural purposes. Adjacent to the south is a small enclave of 14 single-family dwellings on non-conforming lots of approximately one-half acre in size. Property abutting to the west, along West 21st Street has been acquired by the Kansas Department of Transportation for the possible future development of the Northwest Bypass, which would have an interchange at West 21st Street, west of the subject site. Properties to the northeast and east are zone SF-20 Single-Family Residential with single-dwelling residential and agricultural uses. Within one-quarter mile northeast of the site, the property is zoned PUD #27 and is developed with St. Teresa Hospital. Approximately one-half mile east/southeast is the city limits of Wichita with SF-5 Single-Family Residential zoning developed with suburban scale residential uses.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned RR Rural Residential, which supports single-family residential development with a minimum lot size of two acres in addition to agricultural uses.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The request to rezone to TF-3 Two-Family Residential and LC Limited Commercial would increase the development intensity of this area which will add a large number of new residents and remove agricultural land from production. Suburban scale residential and commercial development of this scale is approximately one-half mile to the east. The nearest development of this intensity west of North 151st Street West is two and one-half miles south with the Pike Addition along West Maple Street. The Protective Overlay requires the approval of the annexation into the City of Wichita in order for the zoning to be perfected. Platting, extension of municipal services, and the establishment of a Community Unit Plan are all required prior to the issuance of building permits.

4. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit residential and commercial development in an area that is considered likely to develop by the year 2035. Denial would represent a loss of economic opportunity for the applicant.
5. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would continue to allow the property to be in conformance with the *Community Investments Plan* as discussed in the staff report.
6. **Impact of the proposed development on community facilities:** Development of the property with the requested zoning will bring additional traffic to the area. It will also require significant investment in the extension of municipal services. The City Public Works and Utilities Department commented that the size of existing municipals services is adequate to support additional development. Platting of the property will address any required improvements to the street network and municipal services. The City of Wichita will need to consider the impact to police resources prior to the passing of the required resolution for the island annexation. Fire protection in the area is will not change as it is provided by a joint agreement between Wichita and Sedgwick County.
