STAFF REPORT

MAPC July 14, 2005

CASE NUMBER: CON2005-00025

APPLICANT: Shadow Lakes Masters Association, c/o Nick Nicholas, President

AGENT: Ryan Hennes

REQUEST: Conditional Use to permit a Neighborhood Swimming Pool and its associated uses

CURRENT ZONING: "SF-5" Single-Family Residential

SITE SIZE: 0.26 acres

LOCATION: Generally located east of Tyler Road and north of 29th Street North, more specifically northeast of the Pepper Ridge Street and Forest Park Street intersection

PROPOSED USES: Neighborhood Swimming Pool

BACKGROUND: The applicant requests a Conditional Use to permit a neighborhood swimming pool on Lot 1, Block 3, the Forest Lakes West Addition. The 0.26-acre subject property is located at the northwest corner of the Pepper Ridge Street - Forest Park Street intersection. The subject property is zoned "SF-5" Single-Family Residential and is currently undeveloped. A neighborhood swimming pool may be permitted on the subject property as a Conditional Use. This case is also associated with VAC2005-00024.

The character of the surrounding area is that of a developed and developing single-family residential neighborhood. All of the surrounding properties are zoned "SF-5" Single Family residential.

The attached site plan shows a 24-foot (x) 48-foot swimming pool, with 11 parking spaces (including one ADA designated space) located west of the swimming pool and a pump house with bathrooms. on the east side of the pool area. The pump house with the bathrooms is not considered a clubhouse and does not trigger required additional parking. Per Art. IV, Section IV-A.4 of the UZC, the site does not meet the minimum required parking spaces for a neighborhood/private pool. Required parking for this neighborhood pool without a clubhouse 12 spaces. The applicant can apply for an administrative adjustment, which could reduce the required parking by up to 10%, if approved by the Planning Director. The site plan does not show screening, as required per Art. IV, Section IV-B. 3a of the UZC, which requires screening along the north and east sides of the site. Landscaping must be per the Landscape Ordinance.

CASE HISTORY: The subject property is part of the Forest Lakes West Addition, which was recorded October 16, 1997. VAC2005-00024 is associated with this Conditional Use. The vacation case is a request to relax the restriction of uses as listed in the plat's text for the western abutting platted Reserve E, Forest Lakes West Addition. This request was recommended for approval by the MAPC's Subdivision Committee at their June 7, 2005 meeting and will be considered by the MAPC at today's meeting.

ADJACENT ZONING AND LAND USE:

NORTH:	"SF-5"	Developing single-family residences
EAST:	"SF-5"	Single-family residences
SOUTH:	"SF-5"	Single-family residences, reserve with pond
WEST:	"SF-5"	Single-family residences

PUBLIC SERVICES: The subject property has access to Pepper Ridge Street and Forest Park Street, two-lane residential streets. Water, sewer, and other municipal services are available to the subject property.

CONFORMANCE TO PLANS/POLICIES: The 2030 Wichita Functional Land Use Guide

of the Comprehensive Plan identifies the subject property as appropriate for "Urban Residential" development. This residential category reflects the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing types found includes single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes). Elementary and middle schools, churches, churches, playgrounds, parks and other similar residential-serving uses may also be found in this category. The proposed neighborhood swimming pool is consistent with the Functional Land Use Guide.

RECOMMENDATION: Based on the information available prior to the public hearing, MAPD staff recommends the application be APPROVED, subject to the following conditions:

1. The site shall be developed in general conformance with an approved site plan, which shall conform to the Landscape Ordinance and screening shall be provided in accordance with Section IV-B.3.a. of the Unified Zoning Code. The landscape plan must be approved by the Planning Director prior to the issuance of a building permit.
2. Prior to the issuance of a building permit, the applicant shall apply for an administrative adjustment to reduce the minimum required parking.
3. Development and use of the subject property for a neighborhood swimming pool shall be in accordance with all applicable federal, state, and local rules and regulations, including building and construction codes, health codes, and operational standards. This includes approval by the Environmental Services Department for a neighborhood pool.
4. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The character of the surrounding area is that of a developed and developing single-family residential neighborhood. All of the surrounding properties are zoned "SF-5" Single-family residential. A neighborhood swimming pool is accessory to and customarily associated with the zoning, uses, and character of an urban residential area.
2. Extent to which removal of the restrictions will detrimentally affect nearby property. Locating a neighborhood swimming pool within a residential development will introduce more traffic and noise for the nearby residential properties. However, the recommended conditions of approval pertaining to

screening and landscaping should address these problems. The proposed neighborhood swimming pool most likely will be an amenity to the neighborhood.

3. Conformance of the requested change to the adopted or recognized Comprehensive Plan and Policies: The Functional Land Use Guide of the Comprehensive Plan identifies the subject property as appropriate for "Urban Residential" development. This residential category provides single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly as well as elementary and middle schools, churches, churches, playgrounds, parks and other similar residential-serving uses. One of the objectives of the Comprehensive Plan is to "develop and maintain a system of parkland, open space and recreational facilities which provide a diverse set of recreational opportunities for existing and future residents." The proposed neighborhood swimming pool is consistent with the Functional Land Use Guide and the identified objective of the Comprehensive Plan.
4. Impact of the proposed development on community facilities: The proposed swimming pool will increase trips to the site, but the impact should be minimal and will not exceed the capacity of the street.
