RE: ZON2023-00001: Zone change request in the City from SF-5 Single-Family Residential to MF-18 Multi-Family Residential to convert existing structure into a triplex; generally located on the northwest corner of West 20th Street North and North Porter Avenue (1606 West 20th Street North).

Dear Applicants;

At its regular meeting on **April 4, 2023**, the Wichita City Council considered the above captioned request. The action of the MAPC was to **APPROVE** the request subject to the enclosed Protective Overlay.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Philip Zevenbergen, AICP
Current Plans
Division Manager

RE: ZON2023-00001: Zone change request in the City from SF-5 Single-Family Residential to MF-18 Multi-Family Residential to convert existing structure into a triplex; generally located on the northwest corner of West 20th Street North and North Porter Avenue (1606 West 20th Street North).

Dear Applicants;

At its regular meeting on **February 23, 2023**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend **APPROVAL** the request subject to the enclosed Protective Overlay.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on March 9, 2023. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **March 9, 2023, at 5:00 p.m.**

This application will be presented to the Wichita City Council on **Tuesday, April 4, 2023** beginning at 9:00 a.m.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Philip Zevenbergen'.

ORDINANCE NO. 52-056
AN ORDINANCE CHANGING THE
ZONING CLASSIFICATIONS OR DIS-
TRICTS OF CERTAIN LANDS LOCAT-
ED IN THE CITY OF WICHITA, KANSAS,
UNDER THE AUTHORITY GRANTED
BY THE WICHITA-SEDGWICK COUNTY
UNIFIED ZONING CODE, SEC-
TION V-C, AS ADOPTED BY SECTION
28.04.010, AS AMENDED.

BE IT ORDAINED BY THE GOVER-
NING BODY
OF THE CITY OF WICHITA, KANSAS,
SECTION 1. That having received a
recommendation from the Planning
Commission, and proper notice hav-
ing been given and hearing held as
provided by law and under authority
and subject to the provisions of The
Wichita-Sedgwick County Unified
Zoning Code, Section V-C, as adopted
by Section 28.04.010, as amended,
the zoning classification or districts of
the lands legally described hereby are
changed as follows:

Case No. ZON2023-00001
Zone change request in the City from
SF-5 Single-Family Residential District
to MF-16 Multi-Family Residential Dis-
trict zoning subject to the provisions of
Protective Overlay #406, on property
legally described as:
Lot 15, Block B, Cornelison Addition,
Sedgwick County, Kansas.

Protective Overlay #406

1. The maximum number of dwelling
units shall be three (3).
2. A site plan shall be submitted to
the Planning Department for review
and approval prior to the issuance of
building permits. The site plan shall
include the location of required park-
ing spaces and the location of solid
screening.
3. A landscape plan shall be submit-
ted to the Planning Department for
review and approval prior to the iss-
uance of building permits.

4. Required parking spaces shall not
occupy any portion of the front set-
back.
5. Any additions to the existing struc-
ture or new buildings on site shall
have compatible residential character
to existing residential structures in the
immediate vicinity with hip or gabled
roofs. Building elevations shall be re-
viewed and approved by the Planning
Department prior to the issuance of
building permits.

SECTION 2. That upon the taking
effect of this Ordinance, the above
zoning changes shall be entered and
shown on the "Official Zoning Map"
previously adopted by reference and
said official zoning map is hereby
reincorporated as a part of the Wich-
ita-Sedgwick County Unified Zoning
Code as amended.

SECTION 3. That this Ordinance shall
take effect and be in force from and
after its adoption and publication in
the official City paper.

Adopted this 11th day of April, 2023.

K-State takeaways from loss against KU

BY KELLIS ROBINETT
krobinett@wichita.ks.com

LAWRENCE

The Kansas State men's basketball team was unable to keep up with the KU Jayhawks during a 90-78 loss on Tuesday at Allen Fieldhouse.

K-State battled hard until the end of the game, but KU was simply the better team in Round 2 of the Sunflower Showdown this season.

Jalen Wilson led the Jayhawks with 20 points and Dajuan Harris added 18. Markquis Nowell had 23 points for the Wildcats and Keyontae Johnson scored 22.

The Wildcats (18-4, 6-3 Big 12) have lost three straight road games in conference play and are now in a tie for second place in the league standings along with the Jayhawks (18-4, 6-3 Big 12). K-State has not defeated

KU on the road since 2005.

The Wildcats will try bounce back in its next game on Saturday against Texas at Bramlage Coliseum. Until then, here are some takeaways from Tuesday's action:

JEROME TANG WISELY PICKED UP AN EARLY TECHNICAL FOUL

It is rare for Kansas State's basketball coach to get so heated during a basketball game that he gets called for a technical foul, but that is exactly what happened midway through the first half inside Allen Fieldhouse.

Shortly after junior forward Ismael Massoud was whistled for a foul while trying to defend KU guard Dajuan Harris, Tang had some words for John Higgins on the sideline. The Big 12 official didn't like what Tang was saying or how he was saying it and quickly assessed the K-State coach with a technical.

nical.

That meant KU could send Grady Dick to the foul line for a pair of free throws in addition to the shots Harris was about to get. The Jayhawks capitalized by going on a quick 6-0 run that featured three free throws and a three-pointer on a subsequent trip down court. All of a sudden, KU was leading 22-13 and the crowd was getting loud behind the hot start.

But it was worth it. The technical seemed to send a message to K-State players that they were to compete, despite not getting a friendly whistle in the opening minutes.

K-State players responded accordingly, and so did the Big 12 refs. The Wildcats seemed to get better calls the rest of the half, and K-State fought back quickly with 10 straight points that the Jayhawks took a 32-19 lead and threatened to run away with the game.

Many other K-State teams would have faded immediately when faced with that adversity inside this building. There's a reason the Wildcats have lost 17 straight in Lawrence dating back to 2005. But this squad fought until the end. Tang's energy on the sideline was a big reason why.

Tang made some coaching errors, such as waiting too long to call a timeout while KU was on a run late in the first half and failing to match Bill Self's adjustments from the first game in this series, but no one can question his passion.

ENCOURAGING GAME FROM NAE'QWAN TOMLIN

Nae'Qwan Tomlin may be busting out of the mini slump he was trapped in at the start of Big 12 play.

It had been a while since junior-college transfer Tomlin made a big impact in any of K-State's games. But that has changed over the past few days. First, he delivered 11 points and six

rebounds during a blowout win over Florida. Then he followed that up with 11 points and eight rebounds against the Jayhawks.

He was far from perfect on the night, especially on defense, but it was undoubtedly another step in the right direction for the forward after he suffered through some down performances.

K-State will need someone other than Markquis Nowell and Keyontae Johnson to shoulder the scoring load if it hopes to stay in the mix for a Big 12 championship. Tomlin is the best candidate to do that. More games like the last two will eventually pay dividends for the Wildcats.

BILL SELF WON HIS COACHING REMATCH WITH TANG

The Jayhawks entered this game with a much different strategy than they used during the first go-around of the Sunflower Showdown earlier this season at Bramlage Coliseum. K-State won that game in

overtime because it made life miserable for every KU player outside of Jalen Wilson on offense. Wilson scored an incredible 38 points in that game, but it might as well have been him vs. the world.

Three KU players fouled out, and the Jayhawks were the opposite of versatile during the closing few minutes.

It was a much different story in the rematch. This time, Self used nine different players, and they all scored. Only one of them scored fewer than five points. Dajuan Harris was particularly strong with 15 points to 18 points.

Tang couldn't scheme up a way to slow down the balanced KU attack. Wilson led all scorers with 20 points and the Jayhawks flirted with triple digits. K-State needed to play much better on the defensive end to have a chance in this game. Tang won Round 1. Self won Round 2.

BRADY

competers. I could go on forever. There's too many. Thank you guys for allowing me to live my absolute dream. I wouldn't change a thing. Love you all."

Brady is the NFL's career leader in yards passing (89,214) and touchdowns (649). He is the only player to win more than five Super Bowls and has been MVP of the game five times. He also holds marks for regular-season wins (251), Super Bowl appearances (10), playoff games and wins (48, 35), as well as playoff yards (13,400) and TDs (88).

"Tom's legacy is unmatched in the history of this game. All the Super Bowl titles and statistical records speak for themselves, but the impact he had on so many people through the years is what I appreciate the most," Buccaneers general manager Jason Licht said.

"His imprint on this organization helped take us to the mountaintop. We will certainly miss him as our quarterback, but I will also miss him as a leader and friend," Licht added. "Our entire organization is indebted to him for what he provided us over the past three years. We won't ever forget the wins or the accolades, and his influence will be felt for years to come."

Brady announced his retirement one day after attending the premiere of "80 for Brady" — which comes out Friday — in Los Angeles. The movie tells the story of four lifelong friends, played by Lily Tomlin, Jane Fonda, Rita Moreno and Sally Field, who went to a Super Bowl to see Brady play.

He was asked Tuesday night whether he felt a connection working with women — the four stars range in age from 76 to 91 — who don't want to retire.

"They're working hard and they love it. So good for them," Brady told The Associated Press. "You know, it's just that's what life is about. You got to, you know, wake up every day with a purpose. And when you find something you love to do, you know, it's hard to stop. You really enjoy it. And there's a lot of aspects that you do enjoy. So they still bring it at this age. It's really unbelievable to watch them on set and how much energy they have. And I certainly was inspired by them and learned a lot of lessons on this whole experience."

Famously underrated coming into the NFL — he was picked 199th in the 2000 draft by the Patriots, behind six other quarterbacks, three kickers and a punter — Brady certainly wasn't expected to become synonymous with greatness. He played in

one game as a rookie, completing one of three passes for six yards.

The next year, it all changed.

Brady took over as the Patriots' starter, the team beat the St. Louis Rams in the Super Bowl that capped the 2001 season and he and New England coach Bill Belichick were well on their way to becoming the most successful coach-QB duo in football history.

More Super Bowl wins came after the 2003 and 2004 seasons. The Patriots returned to football's mountaintop for a fourth time in Brady's era a decade later to cap the 2014 season, the start of three more titles in a span of five years.

Tampa Bay Buccaneers quarterback Tom Brady, who won a record seven Super Bowls for New England and Tampa Bay, has announced his retirement.

FROM PAGE 1B

MAHOMES

was 14.87 mph.

Adam Kilgore of the Washington Post talked with former NFL player Patrick Mahomes Sr. after the game, and he mentioned that gutsy run.

"We got a family motto: Players make plays," Mahomes Sr. told Kilgore.

"And so he made a play." That Mahomes was able to play at all was something of a miracle to many. After the game, he gave credit to Chiefs assistant athletic trainer Julie Frymeyer, who had outlined with Mahomes a plan to get the ankle ready for Sunday's game.

Mahomes' father believes his son possesses an incredible healing ability, which the Chiefs quarterback got from his mother, Randi.

"His mama has some different genes," Mahomes Sr. told the Post. "She's double-jointed and all that. He gets that from his mama. The athletic ability comes from his mama. That part comes from his mama."

Those are some good genes to have.

CC2023-00002: CUP Amendment in the City to amend boundaries of the CUP #311 (with ZON2023-00003) to amend the boundaries of PO #341, generally located on the west side of North Meridian Avenue, within one-half mile east of South 53rd Street North.

CC2023-00003: CUP Amendment in the City to amend the parcel boundaries and provisions of CUP DP-323, generally located on the west side of North Meridian Avenue, within one-quarter mile north of Interstate 235/4319 North Meridian Avenue.

VAC2023-00035: Vacation request in the City to vacate the platted 20-foot drainage and utility easement along the east property line, generally located one-quarter mile north of West Maple and one-half mile east of South 151st Street West (172 South Country View Court).

VAC2023-00001: Vacation request in the City to reduce a platted front setback from 30 feet to 20 feet for a building addition on property zoned SF-5 Single-Family Residential, located within one block east of South Edgemoor Blvd and within one-quarter mile north of East Kellogg (267 S. Brooklake).

ZON2023-00001: Zone change request in the City from SF-5 Single-Family Residential District to MF-18 Multi-Family Residential District to convert existing structure into a duplex, generally located on the northwest corner of West 20th Street North and North Porter Avenue (1608 West 20th Street North).

ZON2023-00003: Zone change request in the City from MF-18 to GO General Office District and amend PO boundary line with CUP2023-00002 to amend CUP boundaries; generally located on the west side of North Meridian Avenue, within one-half mile south of West 53rd Street North.

Complete legal descriptions are available for public inspection at the Metropolitan Area Planning Department, 271 W. Third St., 2nd Floor, Wichita, Kansas 67202. As provided in Section 9 of the Wichita-Sedgewick County Unified Zoning Code, the same will then and there be discussed and considered by the said MAPC, and all persons interested in said matters will be heard at this time concerning their views and wishes in the premises, and any protest against any of the provisions of the proposed changes to the zoning regulations will be considered by the MAPC as by law provided.

Options to participate (see below):
1) Participate virtually:
2) Attend in-person in the City Council Chambers

3) Submit comments ahead of time

Attend in Person:
You may also participate in the hearing in-person in the City Council Chambers at the City Building, 455 N. Main Street, Wichita, Kansas 67202. The in-person option is primarily intended for those without other technology options, and who have not previously submitted recorded audio or video comments. If you have any written or visual materials you wish to submit, please contact Planning Department Graphics staff at (316) 268-4464 by 5pm, 3 days prior to the meeting.

Present Comments Ahead of Time:
You can submit comments regarding items on the Planning Commission agenda to the Metropolitan Area Planning Department (Planning Department). Comments must be received by the Planning Department no later than 5pm 3 days prior to the meeting. Please be sure to provide ample time for delivery. The comments can be submitted in the following formats: email; video; and audio message (mp3, etc.). The comment should indicate which item they pertain to and be less than three (3) minutes in duration. The comments should be submitted to Planning Department staff using the contact information below. The comments received ahead of the submission deadline will be shared with the MAPC, prior to or during the meeting.

STAFF REPORT

MAPC: February 23, 2023

DAB VI: March 13, 2023

CASE NUMBER: ZON2023-00001 (City)

APPLICANT/AGENT: Lynn Allen, LLC (Applicant)/ Stan Stover

REQUEST: MF-18 Multi-Family Residential District

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 0.41 acres

LOCATION: Generally located within one-block south of West 21st Street North and within one-block east of North Woodrow Avenue (1606 West 20th Street North).

PROPOSED USE: Triplex

RECOMMENDATION: Approve subject to Protective Overlay #406

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District to MF-18 Multi-Family Residential District for a property addressed as 1606 West 20th Street North, which is generally located within one-block south of West 21st Street North, and within one-block east of North Woodrow Avenue. The purpose of the zone change request is to convert an existing structure into a triplex.

The 0.41-acre subject site is currently developed with a residential structure that recently has been renovated. The project included converting the attached garage into living space. The MF-18 zoning district permits up to 17.4 dwelling units per acre. Therefore, the maximum density permitted is seven dwelling units. The applicant does not intend to add any additional buildings and proposes to convert a single-family residence into a triplex.

Properties to the north, east, and west are zoned SF-5 Single-Family Residential District and developed with single-family homes. Property to the south, across West 20th Street, is zoned B Multi-Family Residential District and developed with an apartment complex that extends one-quarter mile to the south to West 18th Street North, on the west side of North Porter Avenue. Within 500 feet to the northwest, the property at 2118 North Woodrow Avenue is zoned GO General Office District. Within 500 feet to the west is property zoned LC Limited Commercial District, GC General Commercial District with CUP DP-3 and is developed with a large-scale commercial shopping center.

Section IV-B of the Unified Zoning Code (UZO) requires screening on multi-family-zoned properties when abutting residential properties. These requirements are intended to protect residential zoning districts from adverse visual impacts associated with multi-family development. Screening fences shall be not less than six feet nor more than eight feet in height, except that within 20 feet of street right-of-way line in the front setback, the height shall be reduced to three feet. The property is required to screen on the west, north, and east property lines.

The Wichita Landscape Ordinance requires multi-family developments to provide a landscape street yard with parking lot screening where across the street from residential zoning. Additionally, landscape buffer trees are required along properties lines where abutting residential zoning. The applicant shall comply with these regulations and a landscape plan is required to be reviewed and approved by the Planning Department prior to the issuance of building permits.

The site shall conform with minimum parking standards as outlined in Section IV-A of the UZO. Multi-family development requires 1.25 parking stalls per one-bedroom units and 1.75 stalls per two-bedroom or larger units. It is unknown how many bedrooms each unit of the proposed triplex has. The UZO prohibits placing off-street parking spaces within the front setback. Any parking area is required to be surfaced with an all-weather surface for low-density residential developments of four units or less. The applicant can apply for an administrative adjustment to reduce the parking requirement by up to 25 percent since this is a redevelopment project.

Section IV-C of the UZO requires adherence to compatibility setback and height standards for multi-family development where abutting TF-3 or more restrictive zoning. Due to the width of the lot, the required compatibility setback is 25 feet. This setback is applied to the west, east and north property lines, and the current structure conforms to this standard. If the property were to be redeveloped in the future, any new structure shall conform to this standard as well. The maximum height permitted in MF-18 zoning is 45 feet. Compatibility height requirements restrict building height to 35 feet when a structure is within 50 feet of a lot zoned TF-3 or more restrictive. The current structure does not exceed 35 feet. Based on the proximity of nearby lots lines zoned SF-5, if the property were redeveloped in the future, any future structure shall conform to the 35-foot compatibility height standard.

CASE HISTORY: In 1953, the property was platted as part of the Cornelison Addition. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family residential dwelling
SOUTH:	B	Apartment complex
EAST:	SF-5	Single-family residential dwelling
WEST:	SF-5	Single family residential dwelling

PUBLIC SERVICES: This site has access to West 20th Street North, which is a two-lane local street with a sidewalk on the south side. Wichita Transit provide regular bus service within one-quarter mile north along West 21st Street North. All municipal services serve the site and are adequate for the proposed development.

CONFORMANCE TO PLANS/POLICIES

The Community Investments Plan. The requested zoning is in conformance with the *Plan*'s 2035 Wichita Future Growth Concept Map. The Map identifies the area to be appropriate for "Residential" uses, which the *Plan* defines as "areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality." A triplex is not out of character with the area given the large apartment complex across the street.

Wichita: Places for People Plan. The requested zoning aligns with the goals of the Wichita: Places for People Plan. The Wichita: Places for People Plan provides recommendations for urban infill development in the Established Central Area (ECA). The subject site is located within the ECA. In general, the ECA is envisioned as "a place for people - a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles."

- **Current Conditions:** The subject site is located in an "Area of Opportunity", which "requires strategic reinvestment, both public and private, to assist in redefining and reinvigorating the area. The existing, former single-family dwelling with attached garage is being converted into a triplex. By converting the existing building, the site maintains the character of the existing neighborhood.
- **Strategies:** The requested zone change conforms to the following strategies of the *Wichita: Places for People Plan*:
 - Strategy #5 recommends providing a diversity of housing options within the ECA to attract new residents and allow existing residents to remain in the ECA. The proposed triplex accomplished aligns with this.
 - Strategy #6 recommends encouraging infill development that is contextual to the environment in which it is occurring. Property across the street is zoned multi-family and is developed with a large apartment complex. Multi-family development is not new to the area.
- **Nodal Development:** A nodal development pattern encourages higher density development closer to the node and a step down of intensity as distance away from the node increases. The subject site is approximately one-quarter mile away from the center of a Community Core node located at West 21st Street North and North Amidon Avenue. This places this site on the edge of the node and within the transition area where the intensity of uses begin to step down toward the edge. Multi-family development is an appropriate land use with the transition area.

21st Street North Corridor Revitalization Plan. The requested zoning is in partial conformance with the goals of the *21st Street North Corridor Revitalization Plan*. Goal #1 states: "Increase the long-term economic renewal, vitality, and sustainability of the 21st Street North Corridor Revitalization Plan Area." Within this goal, the plan encourages infill of existing vacant or underutilized sites within one mile of the plan area boundary. However, the requested zone change is not in conformance with the *Plan*'s Preferred Land Use Map. This map identifies the site as appropriate for single-family residential use.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends **APPROVAL** of the zone change request subject to Protective Overlay #406

Protective Overlay #406

1. The maximum number of dwelling units shall be three (3).
2. A site plan shall be submitted to the Planning Department for review and approval prior to the issuance of building permits. The site plan shall include the location of required parking spaces and the location of solid screening.
3. A landscape plan shall be submitted to the Planning Department for review and approval prior to the issuance of building permits.
4. Required parking spaces shall not occupy any portion of the front setback.
5. Any additions to the existing structure or new buildings on site shall have compatible residential character to existing residential structures in the immediate vicinity with hip or gabled roofs. Building elevations shall be reviewed and approved by the Planning Department prior to the issuance of building permits.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** Properties to the north, east, and west are zoned SF-5 Single-Family Residential District and developed with single-family homes. Property to the south, across West 20th Street, is zoned B Multi-Family Residential District and developed with an apartment complex that extends one-quarter mile to the south to West 18th Street North, on the west side of North Porter Avenue. Within 500 feet to the northwest, the property at 2118 North Woodrow Avenue is zoned GO General Office District and the residential structure is likely converted for office use. Within 500 feet to the west is property zoned LC Limited Commercial District, GC General Commercial District with CUP DP-3 and is developed with a large-scale commercial shopping center.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential and developed with a residential structure that was originally designed as a single-family dwelling. The property could remain in use as a single-family dwelling.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The zone change from SF-5 Single-Family Residential District to MF-18 Multi-Family District is not expected to have significant negative impacts on surrounding properties due to the requirement to adhere to screening, landscaping, parking, and compatibility standards in applicable Codes. Converting the existing structure to a triplex should have negligible impacts on surrounding properties.
4. **Length of time subject property has remained vacant as zoned:** The property is not vacant, the applicant is intending to convert the existing structure that was originally constructed in 1947 prior to the property being platted.
5. **Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Prior to the renovations, the Sedgwick County Appraiser's office listed the condition of the structure as "poor." Renovating the structure and repurposing it is considered a gain to the public safety and welfare. Denial would necessitate using the property for uses permitted in the SF-5 zoning district.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning is in conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan*. It is in partial conformance with the *21st Street North Corridor Revitalization*

Plan, as discussed in the report.

7. **Impact of the proposed development on community facilities:** The requested zoning is not anticipated to have significant adverse impacts on community facilities. Having multiple dwelling units on this lot will likely increase traffic. However, the increase in traffic will likely be negligible considering West 20th Street is the main access point into the North Riverside neighborhood from West 21st Street North.
8. **Opposition or support of neighborhood residents:** At the time of the writing of the staff report, staff has not received any comments regarding this case.
