STAFF REPORT

- CASE NUMBER:** VAC2022-00033- A request in the City to vacate a platted alley right-of-way abutting property zoned GO General Office District and TF-3 Two-Family Residential District, generally located northeast of East Central Avenue and North Grove Street.
- APPLICANTS:** Hunter Health Clinic, Inc. (applicant/owner); Baughman Company, PA (agent).
- LEGAL DESCRIPTION:** Generally described as vacating a portion of a 15-foot platted alley as dedicated in Sites Bro's Second Addition to Wichita, Sedgwick County, Kansas and Hunter Health Clinic 2nd Addition to Wichita, Sedgwick County, Kansas (see attached legal).
- LOCATION:** Generally located on the northeast of East Central Avenue and North Grove Street (2300 East Central Avenue).
- REASON FOR REQUEST:** To permit expansion of existing medical clinic.
- CURRENT ZONING:** LC Limited Commercial District, GO General Office District, and TF-3 Two-Family Residential District. A request to rezone this area to PUD Planned Unit Development to create the Hunter Health Planned Unit Development (PUD #106) is being processed concurrently with this vacation request.

The applicant has requested the vacation of alley rights-of-way to expand the Hunter Health Central Clinic campus at East Central Avenue and North Grove Street. All properties located between East Central Avenue and East Elm Street, and North Grove Street and North Spruce Street are owned by the applicant, who plans to develop them as one parcel. A request to rezone this area to PUD Planned Unit Development to create the Hunter Health Planned Unit Development (PUD #106) is being processed concurrently with this vacation request. Both cases are scheduled to be heard by the Metropolitan Area Planning Commission on Thursday, November 17th, and the approval of the vacation request would permit cohesive redevelopment of the site.

The applicant requests to vacate two alley rights-of-way which connect at a right angle on the northeast portion of their property (See attachment #1, Aerial Map). The 15-foot wide platted alley bisects the north portion of the property running from East Elm Street to where it meets the 24-foot platted alley that runs west to North Spruce Street. Currently, the platted 24-foot alley abuts the property developed with parking for the Hunter Health Clinic. The residential structures developed on the property abutting the platted 15-foot alley have been razed.

In 1888, the subject area was platted as Sites Bro's Second Addition to Wichita, Sedgwick County, Kansas, and the 15-foot subject alley was dedicated. At the time of plating, the alley bisected lots 1-32, Blocks A and B, and ran south from East Elm Street to a platted 15-foot east/west alley (See attachment #2, excerpt from Sites Bro's Second Addition).

In 2000, the south portion of the subject property, developed with the original Central Clinic, was plat as the Hunter Health Clinic Addition to Wichita, Sedgwick County, Kansas. The Addition dedicated two lots separated by the existing platted 15-foot north/south alley and the east portion of the 15-foot east/west alley (See attachment #3, Excerpt of Hunter Health Clinic Addition). At this time, the west 128 feet of the platted 15-foot east/west alley was vacated and dedicated as a utility easement.

Hunter Health acquired additional properties to the north and east, and in 2007, the Hunter Health Second Addition was recorded, combining them with those in the first Hunter Health Clinic Addition (See attachment #4, Excerpt of Hunter Health Clinic Second Addition). At that time, the 24-foot subject alley was dedicated to preventing the dead-end of the remaining portion of the platted 15-foot north/south alley.

No property will be denied access to public street right-of-way if the vacation is approved. The applicant plans to develop the lot as one parcel with multiple access points from North Grove Street and North Spruce Street (See attachment #5, Proposed PUD Drawing).

The City and franchise utilities have existing equipment in the requested area of vacation. A sewer line runs down the center of both alleys. Every poles run in the platted 15-foot alley, connecting to those in the alley north of East Elm Street. The approval of this request would require the applicant/owner to dedicate easements covering the utilities or have them relocated at their expense.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives, and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portions of the platted utility easements.

Conditions (but not limited to) associated with the request:

1. Abandonment or relocation/reconstruction of any/all utilities made necessary by the vacation of the platted utility easements shall be to City Standards and shall be the responsibility and at the expense of the applicant. As needed provide approval from franchised utilities for the relocation of franchised utilities. All to be provided to the Planning Department prior to this case going to City Council for final action.
2. As needed provide Planning with dedications of easements by separate instruments with original signatures to go with the Vacation Order to City Council for final action and subsequent recording with the Vacation Order at the Register of Deeds. All to be provided to the Planning Department prior to this case going to City Council for final action.
3. As needed provide utilities with any needed project plans for the relocation of utilities for review and approval. Any relocation/reconstruction of utilities made necessary by this vacation shall be to City Standards and shall be the

responsibility and at the expense of the applicants. Provide an approved project number(s) to Planning prior to the case going to City Council for final action.

4. All improvements shall be according to City Standards and at the applicants' expense.
5. Provide Planning with a legal description of the vacated platted utility easement on a Word document via E-mail that can be used on the Vacation Order. This must be provided to the Planning Department prior to this case going to City Commission for final action.
6. Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
