STAFF REPORT

CASE NUMBER: VAC2024-00010 - City Vacation of a portion of a platted 50-foot street-side setback.

APPLICANT Ryan Stuhlsatz and Alicia Gregg-Stuhlsatz

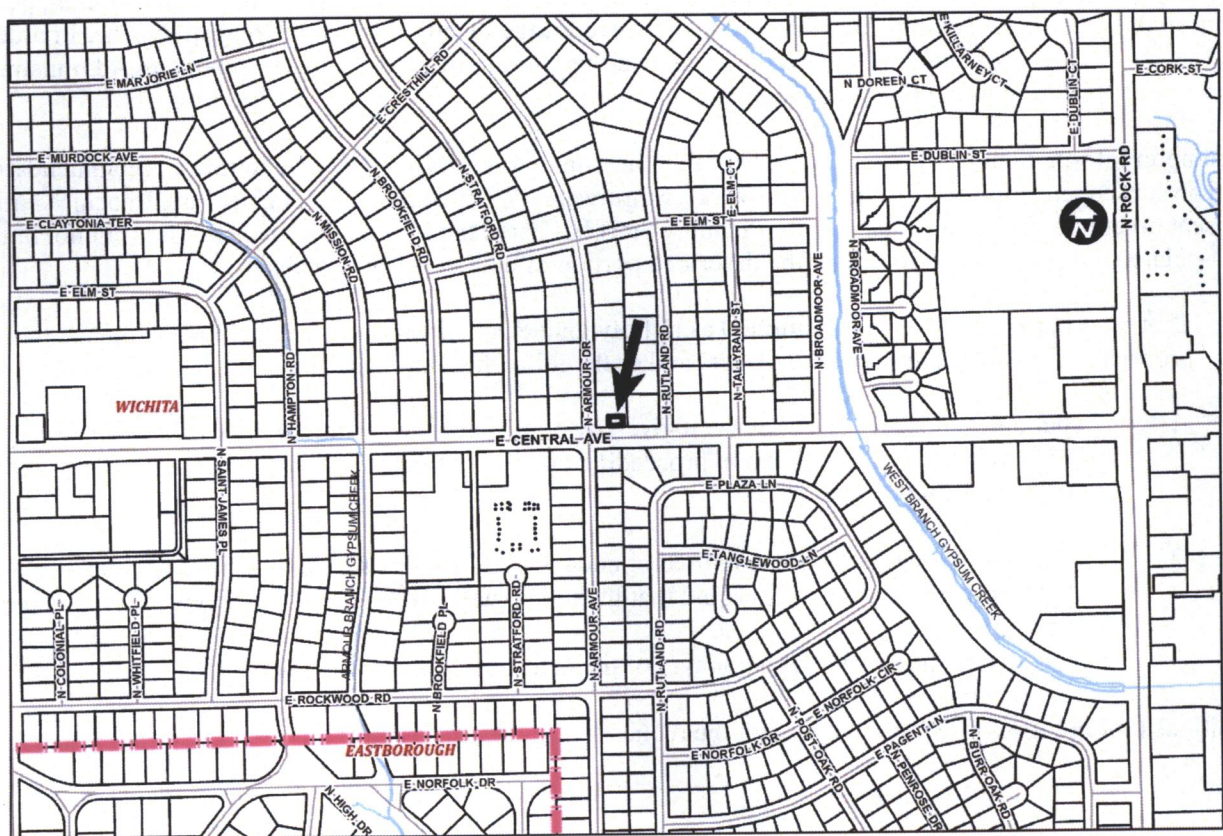

LEGAL DESCRIPTION: Generally described as vacating the North 43 feet of the South 50 feet of the West 65 of the East 85 feet of the platted 50-foot setback on Lot 6, Block G, Woodlawn Village 1st Addition, Wichita, Sedgwick County, Kansas

LOCATION: Generally located on the north side of East Central Avenue and one-quarter mile east of North Woodlawn Boulevard (508 North Armour Drive (WCC I))

REASON FOR REQUEST: Construct a detached garage and in-ground pool.

CURRENT ZONING: Site and adjacent properties are zoned SF-5 Single Family.

VICINITY MAP

The applicants propose to vacate the north 43 feet of the west 65 feet of the east 85 feet of the platted 50-foot building setback located on the south side of the property platted as Lot 6, Block G, Woodlawn Village 1st Addition. The property is addressed 508 North Armour Drive and is generally located on the north side of East Central Avenue and one-quarter mile east of North Woodlawn Boulevard. The purpose of this vacation is to construct a 28-foot by 65-foot detached garage and an in-ground pool. Only a portion of the proposed in-ground pool will encroach in the subject vacation area. The lot is zoned SF-5 Single Family Residential. If approved, the request would reduce the platted building setback to 7 feet. The Unified Zoning Code's (UZC) minimum side street setback is 15 feet. The applicants' request does exceed the minimum side street setback by 8 feet.

Three properties within one-quarter mile east and west of the subject site (501 North Tallyrand Street, 508 North Mission Road, and 508 North Hampton Road) were approved for the reduction of the platted 50-foot street-side setback to 7.5 feet (VAC2019-00035, VAC2023-00040) and 5 feet (VAC2016-00049).

There is a sanitary sewer line on the east side of the vacation area, in a dedicated easement. The proposed vacation of the setback does not alter the easement, so there is no concern from Public Works. Because the property abuts East Central, complete access control shall be dedicated for the entire length of the Lot to prevent any driveways from being constructed along East Central. Neither Everygy nor Cox object to this request. They do not have lines or equipment in the vacation area. They do have lines within the easement on the east side of the property. Everygy has an underground service line running northeast to southwest from the northeast corner of the lot. Both the proposed garage and in-ground pool will need to maintain property clearances from the lines and equipment per the attached service standards. Ladonna Vanderford, Everygy Area Design Representative can be contacted at 316-261-6290 regarding this item. The Woodlawn Village 1st Addition was recorded with the Register of Deeds April 17, 1954.

Due to the lot's geometry, the narrow street side is the side that front East Central Avenue. The Unified Zoning Code defines this narrow street side as the "front" of the lot. Therefore, any accessory structure constructed between the main dwelling and the south property line is considered to be "in front of" the main dwelling, per the definition of the Unified Zoning Code. This is the case even if the dwelling faces the long street side. In order to construct an accessory structure in front of the main dwelling, the applicant will have to submit an Administrative Adjustment application to the Planning Department.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from Public Works, Stormwater, Water and Sewer, Traffic, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of platted building setback.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
 1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time March 7, 2024, which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by vacating the described portion of the platted street side yard setback and that the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Provide Planning Staff with a legal description of the approved vacated portion of the platted setback in a Word document, via e-mail, to be used on the Vacation Order. This must be provided to Planning prior to the case going to City Council for final action.
- (2) A dedication of complete access control from the entire length of the south lot line of the described lot shall be dedicated by separate instrument, with original signatures. This shall be provided to Planning prior to this case going to City Council for final action.
- (3) The applicant shall submit an Administrative Adjustment to the Planning Department for review by the Planning Director and Zoning Administrator in order to permit the construction of an accessory structure in front of the main dwelling. This Administrative Adjustment shall be completed prior to the issuance of any building permits.
- (4) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility and at the expense of the applicant. Provide Planning with any needed easements dedicated by separate instrument with original signatures. These conditions must be completed prior to the case going to Council for final action.
- (5) All improvements shall be according to City Standards and at the applicant's expense.
- (6) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the Vacation Order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
