STAFF REPORT

- CASE NUMBER:** VAC2023-00043 – City Vacation of a portion of platted public street right-of-way.
- APPLICANT/AGENT:** Vantage 906, LLC (applicant)/ Baughman Company, P.A.
- LEGAL DESCRIPTION:** Generally described as vacating the platted South Mosley Street right-of-way abutting the west side of Lots 1 – 27, Block B, English's Subdivision, Wichita, Sedgwick County Kansas (see attached full legal description.
- LOCATION:** Generally located between East Waterman Street and East English Street and between South Washington Avenue and South Rock Island Avenue. (WCC I)
- REASON FOR REQUEST:** To facilitate future redevelopment.
- CURRENT ZONING:** Properties abutting on all sides are zoned CBD Central Business District. Property to the north is developed with office uses. Property to the west is undeveloped. Property to the east is a vacant warehouse and undeveloped. Property to the south is developed with commercial uses.

VICINITY MAP:

The applicant is requesting the vacation of a portion of the South Mosely Street right-of-way as platted in the English's Subdivision to Wichita, Sedgwick County, Kansas. The subject right-of-way is located between East Waterman Street and East English Street and between South Washington Avenue and South Rock Island Avenue. The subject right-of-way has never been improved with a street bed but contains a rail spur that terminates midway along the right-of-way south of East English Street. When the property north of the subject site was replatted in 2017, and subsequently redeveloped, the terminus of the railroad spur was removed. The purpose of the requests is to facilitate future development in the area.

The entire 30 feet of right-of-way was platted as part of the English's Subdivision, therefore all rights of reversion go back to the property owner of Lots 1-27, Block B (the applicant). Property owners to the west in the Rock Island Addition have no reversion rights. If the application is approved, no property will be deprived of access. As stated above, the right-of-way is currently unimproved and is presently not used to access any surrounding properties.

There are no public utilities in the described portion of the Mosely Street right-of-way. There is public storm sewer located at the north end of the vacation area, but it is not included in the vacation request. There is a public fire hydrant on the west side of the vacation area. Public Works is requiring the applicant to dedicate a utility easement to ensure there is 15 feet of clearance on the east side of the hydrant. Wichita Traffic Engineering does not object to this vacation. Wichita Fire provided a comment stating that if the vacation is approved, it might affect future projects along the right-of-way for WFD access and fire protection systems. Evergy has no objection and does not have equipment in the platted right-of-way. The English's Subdivision was recorded on September 4, 1883.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Public Works, Water & Sewer, Stormwater, Traffic, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described public street right-of-way.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
 1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time November 9, 2023, which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by vacating the described portion of the platted street right-of-way and that the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Provide a covenant, with original signatures, binding and tying the described vacated public street right-of-way to Lots 1-27, Block B, English's Subdivision. This must be provided to Planning prior to VAC2023-00043 proceeding to City Council for final action and subsequent recording with the Vacation Order at the Sedgwick County Register of Deeds and the Sedgwick County Appraisers Office.
- (2) Dedicate a utility easement, by separate instrument, on the east side of the hydrant on the north end of the vacation area to ensure there is 15 feet of clearance for access to the hydrant. This must be provided to Planning prior to VAC2023-00043 proceeding to City Council for final action and subsequent recording with the Vacation Order at the Sedgwick County Register of Deeds.

- (3) As needed provide utilities with any needed project plans for the relocation of utilities for review and approval. Any relocation/reconstruction of utilities made necessary by this vacation shall be to City Standards and shall be the responsibility and at the expense of the applicants. Provide an approved project number(s) to Planning prior to the case going to City Council for final action.
- (4) All improvements shall be according to City Standards and at the applicants' expense.
- (5) Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the Vacation Order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
