STAFF REPORT
MAPC: April 25, 2024
DAB VI: May 13, 2024

AGENDA ITEM NO. 4.3

CASE NUMBER: ZON2024-00016 (City)

APPLICANT/AGENT: Titan Realty, Inc (Applicant)/K. E. Miller Engineering, P.A.

REQUEST: TF-3 Two-Family Residential District

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 0.46 acres

LOCATION: Generally located on the northwest corner of the West Elm Street and North Elder Street intersection (729 North Elder Street).

PROPOSED USE: Duplex development.

RECOMMENDATION: Approve.

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District (SF-5) to TF-3 Two-Family Residential District (TF-3). The 0.46-acre property is generally located at the northwest corner of the West Elm Street and North Elder Street intersection (729 North Elder Street).

The applicant has indicated they intend to use the site for duplex development. Should the zone change request be approved, there will be no change in setbacks, parking requirements, or maximum height. SF-5 requires a 5,000 square foot minimum lot size, while TF-3 requires a 3,000 square foot minimum lot size per dwelling unit (6,000 square feet for one duplex). Based on the size of the subject site, the applicant would be able to place one duplex.

The property is surrounded on all sides by the SF-5 District and is developed on all sides by single-family dwellings. Several single-lot, TF-3 zoned properties are within a few hundred feet of the subject site.

CASE HISTORY: On July 31, 1951, the subject site was platted as Lot 4, of the Harvey Patterson Addition. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family dwelling
SOUTH:	SF-5	Single-family dwelling
EAST:	SF-5	Single-family dwelling
WEST:	SF-5	Single-family dwelling

PUBLIC SERVICES: The subject site currently has access to West Elm Street, a two-lane, paved local street with no sidewalks on either side, and North Elder Street, a two-lane, paved local street with no sidewalks on either side. All Municipal Services serve the site currently. Wichita Transit serves the area at the northeast corner of West Central Avenue and North Hoover Avenue and on the southwest corner of West Central Avenue and North Dorris Street, both of which are approximately within one-quarter mile from the subject property.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with the following plans:

Community Investments Plan: The requested zone change is in conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan), which includes the 2035 Future Growth Concept Map, recommends the subject site as appropriate for “Residential” uses. The *Plan* defines “Residential” as “*areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes).*” Duplex development is an appropriate use for this area.

The Locational Guidelines of the *Community Investments Plan* provide a framework for decision-making regarding land use changes. Under the heading of “Development Pattern, Guideline 2.a encourages, “*infill development that maximizes public investment in existing and planned infrastructure and services.*”

Wichita: Places for People Plan: The requested zone change is in conformance with the goals of the *Wichita: Places for People Plan*. The *Wichita: Places for People Plan* provides recommendations for urban infill development in the Established Central Area (ECA). The subject site is located within the ECA. In general, the ECA is envisioned as “a place for people - a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles.”

- **Strategies:** The Plan recommends strategies to help guide the community in their actions to create walkable places within Wichita. The requested Duplex partially aligns with Strategy 5: *Provide a diversity of housing options to attract new residents and allow existing residents to remain in the ECA.* The scale of the request is not out of character with the neighborhood, with TF-3-zoned lots within 200 feet of the subject site. The request aligns with Strategy 6: *Encourage infill and redevelopment that contextual to the*

environment in which it is occurring. Adding a duplex to the neighborhood will not adversely affect the area.

- Current Condition: The subject property is located within an area identified as an “Area of Opportunity.” The *Places for People Plan* defines Areas of Opportunity as “areas that generally exhibit economic challenges, a disconnected development pattern, and a lack of walkable places and facilities. These areas are in need of strategic reinvestment, both public and private, to assist in redefining and reinvigorating the area, physically and socially.”

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED.**

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The property is surrounded on all sides by the SF-5 District and is developed on all sides by single-family dwellings. Several single-lot, TF-3 zoned properties are within a few hundred feet of the subject site. Therefore, duplexes are not a new type of development to the area.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5, which is suitable for a limited number of residential, public, and civic uses, including single-family residences.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff does not anticipate the removal of restrictions to have detrimental impacts on nearby property. There are duplexes developed on properties zoned TF-3 approximately 200 feet from the subject site in multiple directions. Therefore, duplexes are not a new type of development to the area.
4. **Length of time subject property has remained vacant as zoned:** The property is developed with a single-family dwelling. It appears that the dwelling is not currently in use.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new development in an area on an under-developed parcel that is also appropriate for such development. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would continue to allow the property to be in conformance with the *Community Investments Plan*, and the *Wichita: Places for People Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** The Planning Department does not anticipate the requested zone change will have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff has received no comments in regards to the requested zone change.
