DAB IV: May 6, 2024

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District (SF-5) to TF-3 Two-Family Residential District (TF-3). The 78.8-acre property is generally located on the east side of South 119th Street West, within one-half mile south of West Pawnee Avenue. The subject site is currently an agricultural field. In 2023, the subject site was annexed into the City of Wichita and was automatically zoned SF-5.

The applicant has indicated they intend to use the site for single-family and/or duplex development. Should the zone change request be approved, there will be no change in setbacks, parking requirements, or maximum height. SF-5 requires a 5,000 square foot minimum lot size, while TF-3 requires a 3,500 square foot minimum lot size for a single-family home and 6,000 square feet for one duplex. The applicant has not disclosed how many single-family or two-family dwellings will be on site. Should the lot be subdivided, the applicant will need to submit a plat to the Planning Department for review, which is then presented to the Subdivision and Utility Advisory Committee and the Metropolitan Area Planning Commission.

The character of the neighborhood is agricultural and low-density residential. Property to the north is zoned SF-5 and was also recently annexed into the City of Wichita (ANX2024-00001). The owner of this property intends to subdivide it for single-family development (SUB2024-00003). Property to the south is zoned LI Limited Industrial District and is currently an agricultural field. Properties to the east are zoned SF-20 Single-Family Residential District (SF-20) and is currently an agricultural field and a single-family dwelling. Properties to the west are zoned SF-5 and SF-20, and they are located in the City of Wichita and unincorporated Sedgwick County, respectively. The SF-5 properties are currently undeveloped, and the SF-20 property is currently an agricultural field. There are multiple properties zoned TF-3 within one-half mile east of the subject site, on the east and west sides of South Maize Road.

CASE HISTORY: In 2023, the subject site was annexed into the City of Wichita. The subject site is currently unplatted. Platting will be required prior to the issuance of building permits. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Agricultural field
SOUTH:	LI	Agricultural field
EAST:	SF-5, SF-20	Undeveloped, agricultural field
WEST:	SF-20	Single-family dwelling, agricultural field

PUBLIC SERVICES: The subject site currently has access to South 119th Street West, which is a two-lane, county arterial roadway. Due to its recent annexation, municipal services such as water, sanitary sewer, and stormwater services will need to be extended prior to development on-site. Wichita Transit does not provide bus service to this site.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is governed by the following plans:

Community Investments Plan: The requested zone change is in conformance with the *Community Investments Plan*. The *Plan*'s 2035 Wichita Future Growth Concept Map recommends the site as appropriate for "New Residential" uses. The *Plan* defines "New Residential" as "areas of land that likely will be developed or redeveloped by 2035 with uses predominately found in the Residential category." Single-family and duplex development are considered appropriate uses within that category. The *Plan*'s Locational Guidelines state "Support expansion of existing uses to adjacent areas." The applicant is requesting the zone change for single-family and/or duplex development, which already exists immediately east of the subject site.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is agricultural and low-density residential. Property to the north is zoned SF-5 and was also recently annexed into the City of Wichita (ANX2024-00001). The owner of this property intends to subdivide it for single-family development (SUB2024-00003). Property to the south is zoned LI Limited Industrial District and is currently an agricultural field. Properties to the east are zoned SF-20 Single-Family Residential District (SF-20) and is currently an agricultural field and a single-family dwelling. Properties to the west are zoned SF-5 and SF-20, and they are located in the City of Wichita and unincorporated Sedgwick County, respectively. The SF-5 properties are currently undeveloped, and the SF-20 property is currently an agricultural field. There are multiple properties zoned TF-3 within one-half mile east of the subject site, on the east and west sides of South Maize Road.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District, which is suitable for a limited number of residential, public, and civic uses, including single-family residences.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff does not anticipate the removal of restrictions to have substantial detrimental impacts on nearby property. There are two proposed duplex developments on properties approximately one-half mile east from the subject site. Therefore, duplexes are not a new type of development to the area.
4. **Length of time subject property has remained vacant as zoned:** The property has historically been used for agricultural purposes.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new residential development in an area that is in-character with nearby duplex developments mixed with single-family residential dwellings. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning is in conformance with the *Community Investments Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** Staff anticipates the requested zone change shall bring additional traffic to the area. Due to the property's recent annexation, the City of Wichita should anticipate extending municipal services for residential development, such as water and sewer.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff has not received comments on the requested zone change.
