COMMENTS:

1. The following items should be considered by the Planning Commission in making findings of fact:

The applicant is requesting a change of zoning from "R-1" Suburban Residential to "AA" One-family for a tract of land approximately 24.2 acres in size located on a major street (Central) and located in the Crestview Improvement District.

In conjunction with this application, the applicant has submitted a Conditional Use request (CU-257) to enable the construction of a series of duplexes on approximately 10.1 acres of the area asking to be rezoned. Such a development is in keeping with the Planning Commission's general policy of looking with favor on higher density residential uses adjacent to major streets.

2. A recommendation of approval by the Planning Commission should be subject to platting within one year from the date of approval by the Board of County Commissioners; or the case be considered denied and closed; and that the resolution establishing the zone change not be published until the plat has been recorded with the Register of Deeds.
