RE: ZON2025-00019 – Zone Change request in the County from SF-5 Single-Family Residential to NR Neighborhood Retail with Protective Overlay #456, generally located on the south side of East Central Avenue and 500 feet east of North Edgemoor Drive (5725 East Central Avenue).

Dear Applicant;

At its regular meeting on **July 1, 2025**, the Wichita City Council considered the above captioned request. The action of the City Council was to **APPROVE** the above captioned request, subject to Protective Overlay #456, which reads:

Protective Overlay #454

1. Parking shall be provided in accordance with Section IV of the Unified Zoning Code.
2. Signs shall be limited to the existing signs on the property as well as signs allowed in the "NR" zoning district for any future development. In addition,
 - a. Portable signs are not permitted.
 - b. Ground signs shall be monument type.
 - c. No off-site or billboard signs.
3. If additional parking lot lighting is installed, they shall be installed with similar or consistent parking lot lighting elements (i.e. fixtures, poles, lamps, etc.)
 - a. The height of all poles, including pole bases, is limited to 15 feet.
 - b. All exterior lighting shall be shielded to direct light disbursement in a downward direction and away from residential areas.
4. Noise from the site shall not be audible from adjacent or surrounding property above the local, ambient noise. No outdoor speaker systems shall be permitted.
5. Trash receptacles and ground level mechanical equipment shall be screened to reasonably hide them from ground level view, adjacent property and street right of way.
6. The property shall not be combined or utilized in any way with any residential zone lot to the south that fronts on North Oakwood Drive. This is intended to exclude off-street parking on a lot that fronts on North Oakwood Drive that could be used in combination with the subject property.
7. Uses shall be limited to those allowed by right in the NR zoning district, **EXCEPT**: businesses

- engaged in providing loans secured by car titles or other similar forms of security shall be prohibited.
8. The transfer of title of all or any portion of land included within the Protective Overlay (or any amendments thereto) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successor and assigns.
 9. The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approval by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator and Planning Director, shall constitute a violation of the building permit authorizing construction of the proposed development.
 10. Any major changes in this development plan shall be submitted to the Planning Commission and to the Governing Body for their consideration.

If you have any questions concerning this application, please contact our office at 268-4421.

10. Any major changes in this development plan shall be submitted to the Planning Commission and to the Governing Body for their consideration.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on June 5, 2025. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by June 5, 2025, at 5:00 p.m.

This application will be heard by the District Advisory Board (DAB) I on Monday, June 9, 2025, beginning at 6:00 p.m. at the Atwater Neighborhood Resource Center (2755 E 19th Street N). For more information on this meeting, please contact Community Services Representative for District I, Cameron Jackson at (316) 268-8018 or <mailto:ctjackson@wichita.gov>. This application will be presented to the Wichita City Council on Tuesday, July 1, 2025, beginning at 9:00 a.m.

Development signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District to NR Neighborhood Retail District. The subject site is generally located on the south side of East Central Avenue and 500 feet east of North Edgemoor Drive (5725 East Central Avenue). The subject site is currently developed with a single-family dwelling. The applicant is requesting the zone change to allow Personal Improvement Service in the form of a beauty salon and massage therapy.

If approved, development standards would change, reflected in the table below:

Development Standard	TF-3 Two-Family Residential District	NR Neighborhood Retail District
Minimum lot size	3,500 square feet for single-family; 3,000 square feet per dwelling unit for duplex and multi-family (maximum 14.5 dwelling units per acre); 5,000 square feet for nonresidential uses	5,000 square feet for single-family and nonresidential; 3,000 square feet per dwelling unit for duplex; 2,000 square feet per dwelling unit for multi-family (maximum 21.8 dwelling units per acre)
Minimum lot width	35 feet	50 feet
Front setback	25 feet	20 feet
Rear setback	20 feet	10 feet, subject to compatibility standards.
Interior side setback	6 feet	0 feet, but if an interior side setback is provided, it shall be at least 5 feet, subject to compatibility standards.
Street side setback	15 feet	15 feet
Maximum height	35 feet	5 feet

Parking for Personal Improvement Service requires one parking space per 333 square feet. If needed, the parking requirement can be reduced through a separate administrative application to the Planning Department.

Because the subject site abuts residential zoning on the south and east sides, it will be required to install screening per Section IV-A of the Unified Zoning Code. It does appear that appropriate screening does exist, at least partially, on the site.

The subject property would need to comply with the Wichita Landscape Code. The Landscape Code requires one shade tree or two ornamental trees for every 500 square feet of required landscaped street yard in addition to one shade tree or two ornamental trees per 40 linear feet where abutting residential zoning to the south and east. The existing parking lot has less than 20 spaces, so the interior of the parking lot does not require additional landscaping.

The Unified Zoning Code (UZO) requires compatibility setback and height standards for side and rear lot lines of properties zoned MF-18 Multi-Family Residential District or less restrictive when they are within 500 feet of a property zoned TF-3 or more restrictive. The property is adjacent to SF-5 zoning on the east and south sides. The minimum building compatibility setback is normally 15 feet plus one foot for each five feet of lot width over 50 feet. The applicant intends to use the existing building on the 70-foot-wide lot for the intended use. It appears the existing building is setback from the rear property line a sufficient amount. If the existing building does not meet the compatibility standards it would become non-conforming and any new structure or additions to this structure would have to comply with the compatibility standards.

Staff recommends adding Protective Overlay (PO) #456 to the property in order to limit potential detrimental impacts to nearby residentially zoned properties. In 2019, a similar PO was placed upon property to the west when

it was granted a change in zoning from SF-5 to NR. The proposed PO #456 The details of PO #456 are discussed further in the recommendation portion of this report.

The character of the neighborhood is a mixture of low-density residential with commercial properties nearby. Property to the north, across East Central Avenue, is zoned LC Limited Commercial District, is part of CUP DP-126 and is developed with a fast-food restaurant. Property to the south is zoned SF-5 and is developed with a single-family dwelling. Property to the east is zoned SF-5 and is developed with a short-term rental. Property to the west is zoned NR and developed with Office, General. There are several other lots along this portion and side of East Central Avenue that are zoned NR and GO General Office District.

CASE HISTORY: On March 21, 1886, the subject site was platted as part of Ford's 2nd Addition. No other zoning cases have been associated with the property.

ADJACENT ZONING AND LAND USE:

NORTH:	LC/CUP DP-126	Restaurant
SOUTH:	SF-5	Single-family dwelling
EAST:	SF-5	Short-term rental
WEST:	NR	Office, General

PUBLIC SERVICES: The site has driveway access to East Central Avenue, which is a paved, five-lane, two-way arterial street. This site has access to all municipal services, including water and sewer. Wichita Transit stops just north of the property to the east and mirrors it on the north side of East Central Avenue.

CONFORMANCE TO PLANS/POLICIES: The requested zoning is in conformance with the *Community Investments Plan*. The *Plan's* 2035 Wichita Future Growth Concept Map identifies the area to be appropriate for "New Employment" uses. "New Employment" is defined as, "Encompasses areas that likely will be developed or redeveloped by 2035 with uses that constitute centers or concentrations of employment primarily in manufacturing, warehousing, distribution, construction, research, technology, business services, or corporate offices. Major shopping centers and office parks likely will be developed within this area as well, based upon market driven location factors. In certain areas, especially those in proximity to existing residential uses, higher density housing and convenience retail centers likely will be developed. In areas where the uses are already established, pockets of industrial uses associated with extraction, processing or refinement of natural resources or recycling of waste materials likely will be developed." The zone change request for Personal Improvement use is appropriate for this category.

The Locational Guidelines of the *Community Investments Plan* in the Established Central Area state that "Neighborhood-serving retail and office uses and high-density residential uses can be appropriate along arterial streets on small infill sites near residential uses or through conversions of residential structures if appropriate site design features that limit traffic, noise, lighting, and adverse impacts on surrounding residential are provided and the scale of the development is appropriate for its context." The provisions of the Protective Overlay include regulating outdoor lighting, and the required screening and landscaping minimizes potential adverse impacts on the surrounding residential properties.

The requested zone change is in conformance with the *Wichita: Places for People Plan*, a guidebook in which the Established Central Area is "a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles." The *Plan* outlines a list of Strategies designed to "to help guide the community in their actions to create walkable places within Wichita." Strategy 3 aims to "Improve the economic feasibility of commercial/service uses and the markets necessary to support them." Approval of the zone change request improves the feasibility of commercial uses. Strategy 6 aims to "Encourage infill and redevelopment that is contextual to the environment in which it is occurring." The applicant is redeveloping the dwelling for the proposed use, which is contextual to the environment.

ZON2025-00019

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends **APPROVAL** of the zone change request, subject to Protective Overlay #456, which reads:

Protective Overlay #456

1. Parking shall be provided in accordance with Section IV of the Unified Zoning Code.
2. Signs shall be limited to the existing signs on the property as well as signs allowed in the "NR" zoning district for any future development. In addition,
 - a. Portable signs are not permitted.
 - b. Ground signs shall be monument type.
 - c. No off-site or billboard signs.
3. If additional parking lot lighting is installed, they shall be installed with similar or consistent parking lot lighting elements (i.e. fixtures, poles, lamps, etc.)
 - a. The height of all poles, including pole bases, is limited to 15 feet.
 - b. All exterior lighting shall be shielded to direct light disbursement in a downward direction and away from residential areas.
4. Noise from the site shall not be audible from adjacent or surrounding property above the local, ambient noise. No outdoor speaker systems shall be permitted.
5. Trash receptacles and ground level mechanical equipment shall be screened to reasonably hide them from ground level view, adjacent property and street right of way.
6. The property shall not be combined or utilized in any way with any residential zone lot to the south that fronts on North Oakwood Drive. This is intended to exclude off-street parking on a lot that fronts on North Oakwood Drive that could be used in combination with the subject property.
7. Uses shall be limited to those allowed by right in the NR zoning district, EXCEPT: businesses engaged in providing loans secured by car titles or other similar forms of security shall be prohibited.
8. The transfer of title of all or any portion of land included within the Protective Overlay (or any amendments thereto) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successor and assigns.
9. The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approval by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator and Planning Director, shall constitute a violation of the building permit authorizing construction of the proposed development.
10. Any major changes in this development plan shall be submitted to the Planning Commission and to the Governing Body for their consideration.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is a mixture of low-density residential with commercial properties nearby. Property to the north, across East Central Avenue, is zoned LC Limited Commercial District, is part of CUP DP-126 and is developed with a fast-food restaurant. Property to the south is zoned SF-5 and is developed with a single-family dwelling. Property to the east is zoned SF-5 and is developed with a short-term rental. Property to the west is zoned NR and developed with Office, General. There are several other lots along this portion and side of East Central Avenue that are zoned NR and GO General Office District.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District, which is suitable for single-family dwellings.

3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The zone change request, with a Protective Overlay, should minimize potential detrimental impacts to the surrounding properties. Approval of the request may result in a slight increase in traffic due to the introduction of a new use without additional infrastructure. The provisions for screening and landscaping, along with the Protective Overlay, are designed to enhance the compatibility with the neighborhood and mitigate possible negative impacts.
4. **Length of time subject property has remained vacant as zoned:** The subject site has been developed with a single-family dwelling since 1949.
5. **Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Staff does not anticipate that approval of the requested zone change would have detrimental impacts to the surrounding community. Denial of the requested zone change may result in the loss and enjoyment of the applicant's property.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning is in conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan*, as discussed in this staff report.
7. **Impact of the proposed development on community facilities:** The requested zoning is not anticipated to have significant adverse impacts on community facilities. The applicant intends to add Personal Improvement Service as an allowed use without changing the footprint of the site.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff has not received any comments from the public regarding the request.
