**STAFF REPORT**  
 MAPC: July 24, 2025  
 DAB IV: August 4, 2025

**CASE NUMBER:** CON2025-00089 (City)  
**APPLICANT/AGENT:** Summer Lee (Applicant)  
**REQUEST:** Conditional Use to allow an Accessory Apartment  
**CURRENT ZONING:** SF-5 Single-Family Residential District  
**SITE SIZE:** 0.19 acres  
**LOCATION:** Generally located on the northwest corner of West 32<sup>nd</sup> Street South and South Everett Street (2202 West 32<sup>nd</sup> Street South)  
**PROPOSED USE:** Accessory Apartment  
**RECOMMENDATION:** Approve with conditions

**BACKGROUND:** The applicant is requesting a Conditional Use to allow an Accessory Apartment on a property zoned SF-5 Single-Family Residential District (SF-5). The 0.19-acre property is generally located on the northwest corner of West 32<sup>nd</sup> Street South and South Everett Street (2202 West 32<sup>nd</sup> Street South). The subject site is currently developed with a single-family residential dwelling constructed in 1956 with an attached one-car garage and a two-car detached garage. The applicant is requesting the Conditional Use in order to renovate and utilize the existing detached two-car garage as an Accessory Apartment.

Section IV-A.4 of the UZC requires one parking space per Accessory Apartment and one space for a single-family residence. The detached garage and existing driveway will accommodate the necessary parking for both uses on site. The garage has the same exterior material and design as the principal structure, and therefore it is staff's opinion that the proposed Accessory Apartment meets the Supplemental Regulation listed below regarding a compatible appearance with the principal dwelling.

Accessory Apartments are subject to Supplementary Use Regulations outlined in Section III-D.6.a of the Unified Zoning Code (UZC), which state:

1. A maximum of one Accessory Apartment may be allowed on the same lot as a single-family dwelling unit and may be within the main building, within an accessory building or constructed as an accessory building.
2. The appearance of an Accessory Apartment shall be compatible with the main dwelling unit and with the character of the neighborhood.
3. The Accessory Apartment shall remain accessory to and under the same ownership as the principal Single-Family Dwelling Unit, and the ownership shall not be divided or sold as a condominium.
4. The water and sewer service provided to the Accessory Structure shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.

In addition, when located in zoning districts MH or more restrictive, Accessory Apartments are required to comply with the property development standards in Sec. III-D.7.e(2) of the Unified Zoning Code. Those standards include the following.

- Front Setbacks - Accessory Structures shall not be located nearer to the front property line than the Principal Structure except on Lots five acres or more in area where the Front Setback for Accessory Structures shall be the same as required for Principal Structures.
- Side Setbacks - Accessory Structures shall comply with the Side Setback standards for Principal Uses, provided that an Accessory Structure shall not be required to set back more than three feet from an interior side Lot Line when all parts of the Accessory Structure are located more than one-half the depth of the Lot behind the front property line. Accessory Structures may not utilize more than one-half of any required side Yard.
- Height - No Accessory Structure shall exceed 60 percent of the allowable height requirements of the District unless the Accessory Structure conforms to all Setback requirements for Principal Structures in that District.

The character of the neighborhood is low-density residential. Properties to the north, south, east and west are zoned SF-5. Properties to the north, south, and west are developed with single-family dwellings. Property to the east is developed with a public park.

**CASE HISTORY:** In 1956, the subject site was platted as part of the Ridgeview 2<sup>nd</sup> Addition. There are no zoning cases associated with this property.

**ADJACENT ZONING AND LAND USE:**

North: SF-5 Single-family dwelling

South:	SF-5	Single-family dwelling
East:	SF-5	Public park
West:	SF-5	Single-family dwelling

**PUBLIC SERVICES:** The subject site has access to West 32<sup>nd</sup> Street South and South Everett Street, which are both two-way local streets with no sidewalks. All municipal services and utilities, such as water and sewer, already serve this site. Wichita Transit stops one block northeast of the subject site, on the southwest corner of West 31<sup>st</sup> Street South and South Bennett Street.

**CONFORMANCE TO PLANS/POLICIES:** The proposed use is in conformance with the *Community Investments Plan*. The *Community Investments Plan*'s 2035 Wichita Future Growth Concept Map identifies the site as appropriate for "Residential" uses. The *Plan* states that this site "*Encompasses areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes).*" An Accessory Apartment is appropriate for this category and should have limited negative impacts.

**RECOMMENDATION:** Based upon the information available at the time the report was prepared, staff recommends the Conditional Use be **APPROVED**, subject to the following conditions:

1. The Accessory Apartment shall remain accessory to and under the same ownership as the principal single-family residence (located at 2202 West 32<sup>nd</sup> Street South), and the ownership shall not be divided or sold as a condominium.
2. Development of the site shall be in conformance with the approved site plan.
3. The appearance of the accessory structure shall be compatible with the main dwelling unit and with the character of the neighborhood.
4. The water and sewer provided to the Accessory Apartment shall not be provided as separate services from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.
5. The applicant shall obtain all applicable permits including, but not limited to building, health, and zoning. This will include turning in plans for review and approval by MABCD for the Accessory Apartment.
6. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The character of the neighborhood is low-density residential. Properties to the north, south, east and west are zoned SF-5. Properties to the north, south, and west are developed with single-family dwellings. Property to the east is developed with a public park.
2. The suitability of the subject property for the uses to which it has been restricted: The subject site is currently zoned SF-5 Single-Family Residential, which permits an Accessory Apartment by Conditional Use approval under Section III-D.6.a of the Unified Zoning Code.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Staff does not anticipate that approval of the request will generate significant amounts of additional traffic.

The conditions of approval should minimize any possible significant negative impacts.

4. Length of time subject property has remained vacant as zoned: The subject property is not vacant. The property has been developed with a single-family residential dwelling since 1956.
5. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: It is not anticipated that the requested Conditional Use will have a significant detrimental effect on the public health, safety, or welfare. Denial of the application may result in a loss of enjoyment for the applicant.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The proposed use is in conformance with the *Community Investments Plan*, as discussed in the report.
7. Impact of the proposed development on community facilities: Staff expect that there will be minimal impact on public roads, water, and sewer service.
8. Opposition or support of neighborhood residents: At the time the staff report was prepared, staff did not receive any public comment on the request.
