Re: SCZ-0523 - "R-1" & "C" to "E"

Dear Mr. Shirkey:

At its regular meeting of October 20, 1983, the Metropolitan Area Planning Commission considered the above-captioned zone change request. The action of the Commission was to recommend that "E" zoning be approved for only the shaded area on page 5 of the applicant's submitted plans, and the denial of the balance of the application area, subject to platting all of the applicant's ownership within 120 days from the date of approval by the Board of County commissioners, or the case be considered denied and closed; and that the resolution establishing the zone change not be published until the plat has been recorded with the Register of Deeds.

This request will be scheduled for consideration by the Board of County Commissioners on Wednesday, November 16, 1983, at 9:00 a.m., in Room 320, Sedgwick County Courthouse, provided you submit a legal description for the approved area to our office by November 4, 1983. Following the approval of this request by the Board of County Commissioners you should immediately proceed with the platting of your entire ownership as you only have 120 days to complete the plat or the case will be marked denied and closed.

If you have any questions, please contact our office.

Sincerely yours,

Jack H. Galbraith
Chief Planner
