**STAFF REPORT**  
 MAPC: October 9 2025  
 DAB III: October 1, 2025

**CASE NUMBER:** CON2025-000119 (City)  
**APPLICANT/AGENT:** Vetrual Poole (Applicant)  
**REQUEST:** Conditional Use to allow an Accessory Apartment  
**CURRENT ZONING:** SF-5 Single-Family Residential District  
**SITE SIZE:** 0.15 acres  
**LOCATION:** Generally located within a quarter mile southeast of the corner of East Mount Vernon Road and South Edgemoor Drive (5827 East Bellaire Avenue)  
**PROPOSED USE:** Accessory Apartment  
**RECOMMENDATION:** Approve with conditions

**BACKGROUND:** The applicant is requesting a Conditional Use to allow an Accessory Apartment on a property zoned SF-5 Single-Family Residential District (SF-5). The 0.15-acre property is generally located within a quarter mile southeast of the corner of East Mount Vernon Road and South Edgemoor Drive (5827 East Bellaire Avenue). The subject site is currently developed with a single-family residential dwelling and one detached garage.

The applicant has indicated that they intend to convert the detached garage to an Accessory Apartment on the property. If not already, the existing structure will need to be setback three (3) feet from the interior side property lines and five (5) feet from the rear property lines setback lines. Section IV-A.4 of the UZC requires one parking space per Accessory Apartment and one space for a single-family residence. The existing driveway would accommodate the necessary parking for both uses on site.

The Wichita-Sedgwick County Unified Zoning Code (“UZC”) defines an “Accessory Apartment” (Sec. II-B.1.b) as a dwelling unit that may be wholly within or may be detached from a principal building. A dwelling unit is defined by the Unified Zoning Code as “*a building or portion of a building that contains living facilities for not more than one family and that includes provisions for sleeping, cooking, eating, and sanitation.*” Accessory Apartments are subject to Section III-D.6.a of the Unified Zoning Code (UZC), which states:

1. A maximum of one Accessory Apartment may be allowed on the same lot as a single-family dwelling unit and may be within the main building, within an accessory building or constructed as an accessory building.
2. The appearance of an Accessory Apartment shall be compatible with the main dwelling unit and with the character of the neighborhood.
3. The Accessory Apartment shall remain accessory to and under the same ownership as the principal Single-Family Dwelling Unit, and the ownership shall not be divided or sold as a condominium.
4. The water and sewer service provided to the Accessory Structure shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.

In addition, when located in zoning districts MH or more restrictive, Accessory Apartments are required to comply with the property development standards in Sec. III-D.7.e(2) of the Unified Zoning Code. Those standards include the following.

- Front Setbacks - Accessory Structures shall not be located nearer to the front property line than the Principal Structure except on Lots five acres or more in areas where the Front Setback for Accessory Structures shall be the same as required for Principal Structures.
- Side Setbacks - Accessory Structures shall comply with the Side Setback standards for Principal Uses, provided that an Accessory Structure shall not be required to set back more than three feet from an interior side Lot Line when all parts of the Accessory Structure are located more than one-half the depth of the Lot behind the front property line. Accessory Structures may not utilize more than one-half of any required side Yard.
- Height - No Accessory Structure shall exceed 60 percent of the allowable height requirements of the District unless the Accessory Structure conforms to all Setback requirements for Principal Structures in that District.

The character of the neighborhood is low-density residential. The property is surrounded by properties in the SF-5 District and all are developed with single-family dwellings.

**CASE HISTORY:** On January 31, 1952, the subject property was platted as part of the Reserve Addition. There are no other zoning cases associated with the subject site.

**ADJACENT ZONING AND LAND USE:**

North:	SF-5	Single-family dwelling
South:	SF-5	Single-family dwelling
East:	SF-5	Single-family dwelling
West:	SF-5	Single-family dwelling

**PUBLIC SERVICES:** The subject site has access to East Bellaire Avenue, a two-way local street with no sidewalks. All municipal services and utilities, such as water and sewer, already serve this site. Wichita Transit does not serve the subject site, with the nearest stop over one-half of a mile to the west at the corner of East Mount Vernon Road and South Oliver Street.

**CONFORMANCE TO PLANS/POLICIES:** The proposed use is in conformance with the *Community Investments Plan*. The *Community Investments Plan*'s 2035 Wichita Future Growth Concept Map identifies the site as "Residential", which the Plan defines as "areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes)."

**RECOMMENDATION:** Based upon the information available at the time the report was prepared, staff recommends the Conditional Use be **APPROVED**, subject to the following conditions:

1. The Accessory Apartment shall remain accessory to and under the same ownership as the principal single-family residence (located at 5827 East Bellaire Avenue), and the ownership shall not be divided or sold as a condominium.
2. Development of the site shall be in conformance with the approved site plan.
3. The appearance of the accessory structure shall be compatible with the main dwelling unit and with the character of the neighborhood.
4. The water and sewer provided to the Accessory Apartment shall not be provided as separate services from the main dwelling. electric, gas, telephone and cable television utility service may be provided as separate utility services.
5. The applicant shall obtain all applicable permits including, but not limited to building, health, and zoning. This will include submission of plans for review and approval by the MABCD for the Accessory Apartment.
6. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The character of the neighborhood is low-density residential. The property is surrounded by properties in the SF-5 District and all are developed with single-family dwellings.
2. The suitability of the subject property for the uses to which it has been restricted: The subject site is currently zoned SF-5 Single-Family Residential, which permits an Accessory Apartment by Conditional Use approval under Section III-D.6.a of the Unified Zoning Code.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Staff does not

anticipate that approval of the request will generate significant amounts of additional traffic. The conditions of approval should minimize significant negative impacts.

4. Length of time subject property has remained vacant as zoned: The subject property is not vacant. The property has been developed with a single-family residential dwelling since 1953.
5. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: It is not anticipated that the requested Conditional Use will have a significant detrimental effect on the public health, safety, or welfare. Denial of the application may result in a loss of enjoyment for the applicant.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The proposed use is in conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan*, as discussed in the report.
7. Impact of the proposed development on community facilities: Staff expect that there will be minimal significant impact on public roads, water, and sewer service.
8. Opposition or support of neighborhood residents: At the time the staff report was prepared, staff has not received any public comment regarding the request.
