Dear Applicant,

On **February 12, 2026**, the Wichita-Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The recommendation of the MAPC was to **APPROVE** the request.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on **February 26, 2026**. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed and must be submitted to the City Clerk by **February 26, 2026** at 5:00 p.m.

The Wichita City Council will meet on Tuesday, March 17, 2026, at 9:00 a.m. for final decision. The WCC meets at City Hall, 455 North Main Street, Wichita, KS 67202.

Development application signs may now be removed from the property. If you have any questions concerning this matter, please contact our office.

Sincerely,

AGENDA ITEM NO. 4.3

**CASE NUMBER:** ZON2025-00067 (City)

**APPLICANT/AGENT:** Josh Roy (Applicant)

**REQUEST:** TF-3 Two-Family Residential District

**CURRENT ZONING:** SF-5 Single-Family Residential District

**SITE SIZE:** 0.14 acres

**LOCATION:** Generally located on the west side of South Vine Street, within 1,000 feet north of West 55<sup>th</sup> Street South (5413 South Vine Street)

**PROPOSED USE:** One duplex

**RECOMMENDATION:** Approve

**BACKGROUND:** The applicant is requesting a zone change from SF-5 Single-Family Residential District (SF-5) to TF-3 Two-Family Residential District (TF-3) on an 0.14-acre property. The property is generally located on the west side of South Vine Street, within 1,000 feet north of West 55th Street South (5413 South Vine Street). The subject site is vacant. According to historic aerials, the subject site has never been developed.

The applicant is requesting the zone change in order to build a duplex on site. Should the zone change request be approved, there will be no change in setbacks, parking requirements, or maximum height. SF-5 requires a 5,000 square foot minimum lot size, while TF-3 requires a 3,500 square foot minimum lot size per unit. The size of the property can accommodate one duplex.

The character of the neighborhood is residential. Properties the north, south, east, and west are all zoned SF-5 and developed with single-family residences. There is a duplex development one-quarter mile east of the subject site, on the north side of West 55<sup>th</sup> Street South. The requested zone change is thus not introducing a new use to the area.

**CASE HISTORY:** In 1998, the subject site was platted as part of the Simmons Park Addition. There are no zoning cases associated with this property.

**ADJACENT ZONING AND LAND USE:**

|        |      |                         |
|--------|------|-------------------------|
| NORTH: | SF-5 | Single-family residence |
| SOUTH: | SF-5 | Single-family residence |
| EAST:  | SF-5 | Single-family residence |
| WEST:  | SF-5 | Single-family residence |

**PUBLIC SERVICES:** The subject site currently has access to South Vine Street, a two-way local street with no sidewalks. The site has access to municipal sewer services but will need water services extended to the site. Wichita Transit does not serve this site.

**CONFORMANCE TO PLANS/POLICIES:** The requested zone change is in conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan) recommends the subject site as primarily appropriate for "Residential" development. The *Plan* defines "Residential" as "areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes)." Duplex development fits within this category.

The *Plan's* Locational Guidelines provide a framework for decision-making regarding land use changes. One of the general Guidelines states that "Development should occur where necessary supporting infrastructure and services exist or are planned for extension concurrently with the development." The subject site has access to sewer, and water services are readily available. Another Guideline aims to "Support expansion of existing uses to adjacent areas." There is a duplex development one-quarter mile east of the subject site.

The requested zone change is in conformance with the *South Wichita/Haysville Area Plan*. The *Plan's* Future Land Use Map identifies the subject site as appropriate for "Residential Low Density" uses. A duplex is a low-density housing type.

**RECOMMENDATION:** Based upon information available prior to the public hearings, staff recommends that the zone change request be **APPROVED**.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is residential. Properties the north, south, east, and west are all zoned SF-5 and developed with single-family residences.

2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District, which is suitable for a limited number of residential, public, and civic uses, including single-family residences.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The property will bring additional residential development to an undeveloped lot. There is a duplex development one-quarter mile east of the subject site, on the north side of West 55th Street South. The requested zone change is thus not introducing a new use to the area.
4. **Length of time subject property has remained vacant as zoned:** According to historic aerials, the subject site has never been developed.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new development on an undeveloped parcel that is also appropriate for such development. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would allow the property to be in conformance with the *Community Investments Plan* and the *South Wichita/Haysville Area Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** The Planning Department does not anticipate the requested zone change will have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff has not received any comments from the public on the requested zone change.
