CASE NUMBER: ZON2025-00060 (City)

APPLICANT/AGENT: Delano Development, LLC (Applicant) / Garver, LLC (Agent)

REQUEST: LI Limited Industrial District

CURRENT ZONING: B Multi-Family Residential District and GC General Commercial District

SITE SIZE: 0.15 acres

LOCATION: Generally located on the east side of North Walnut Street and within 175 feet south of West 1st Street North (220 North Walnut Street)

PROPOSED USE: Additional Warehousing space

RECOMMENDATION: Approve

WEST: B Single-family dwellings

PUBLIC SERVICES: The site has access to North Walnut Street, a paved, two-lane local street with sidewalks on both sides. Public water and sewer already serve the site. Wichita Transit serves the site with bus stops along West Douglas Avenue at North Seneca Street, approximately 650 feet to the southwest, and on North Walnut Avenue, south of West Douglas Street, approximately 800 feet to the south.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with the following plans:

Community Investments Plan: The requested zone change is in conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan), which includes the 2035 Future Growth Concept Map, recommends the subject site as appropriate for “Residential and Employment Mix” uses. The *Plan* defines “Residential and Employment Mix” as, “*areas of land that likely will be developed or redeveloped by 2035 with uses predominately of a mixed nature. Due to the proximity of higher intensity businesses uses, residential housing types within this area likely will be higher density. Due to the proximity of residential uses, employment uses likely will have limited negative impacts associated with noise, hazardous emissions, visual blight, and odor.*” Changing the zoning to LI is an appropriate action, especially when considering the site’s proximity to other LI properties.

The proposed zone change is in conformance with the Land Use Compatibility Guidelines of the *Community Investments Plan*. Under the heading “*Land Use Compatibility,*” Guideline 21.a states, “*Higher-intensity development should be discouraged from locating in areas of existing lower-intensity development, particularly established low-density residential areas.*” While the subject site is across the street from single-family dwellings, the zoning for those properties is B Multi-family Residential District, which allows for the highest density residential development. Additionally, multiple properties within the vicinity are zoned either GC or LI. Changing the zoning of this small property is consistent with the surrounding zoning.

Wichita Places for People Plan: The requested zone change is in conformance with the goals of the *Wichita: Places for People Plan*. The *Wichita: Places for People Plan* provides recommendations for urban infill development in the Established Central Area (ECA). The subject site is located within the ECA. In general, the ECA is envisioned as “a place for people - a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles.”

- **Strategies:** The Plan recommends strategies to help guide the community in their actions to create walkable places within Wichita. The request aligns with Strategy 6: *Encourage infill and redevelopment that contextual to the environment in which it is occurring.* Expanding a warehouse use development to the area is contextual to the environment.

Delano Neighborhood Plan: The proposed zone change is in partial conformance to the Delano Neighborhood Plan. The subject site falls within the boundaries of the Delano Neighborhood Plan. The proposed Future Land Use Map as part of the adopted Delano Neighborhood Plan depicts the subject site as appropriate for “Mixed Use.” While “Mixed Use” does not include industrial warehousing, expanding a warehouse use is contextual to the environment in which it is occurring.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** Property to the north is zoned GC General Commercial District (GC) and is developed with a dog kennel. Properties to the east are zoned GC. The southern property is owned by the applicant and is developed with a parking lot that serves the Warehouse/Office combo to the south. The northern property is developed with a Warehouse/Office combo.
