Re: Salvage and/or Inoperative Vehicles at 3059 N. Hoover
Property identified by Tax Key #PK-258-1EC,
PK-258-1EC-1, and PK-258-1EC-1A

Dear Mr. Miller:

On this date, the Sedgwick County Commission took action to unanimously deny the zone change request on the above referenced property. Therefore, your operations continue to be in violation of Section No. 1-D-3 of the Zoning Resolution per our letter of March 13, 1989, copy enclosed.

This is formal notice to remove all vehicles and salvage material, as soon as possible but not later than November 30, 1989. This should provide you approximately six weeks to comply, and is intended to allow completion prior to inclement winter weather. To that end please be advised in advance, that we will not be inclined to look favorably on any request for additional time extensions.

Please advise this office when the removal has been completed in order that we may close our file.
