

RECOMMENDATION FROM METROPOLITAN AREA PLANNING COMMISSION
TO BOARD OF COUNTY COMMISSIONERS

PROPOSED AGENDA ITEMS : SCZ-0731- Zone Change from "SF-20" Single-Family Residential to "SF-6" Single-Family Residential and "SF-10" Single-Family Residential on property generally located north and west of U.S. Highway 54 and 159th Street East.

PRESENTED BY: Marvin S. Krout, Director of Planning

PROPOSED AGENDA DATE: February 12, 1997

COMMISSION DISTRICT #1

MAPC Recommendation: Approve, subject to platting within 1 year (10-2).

Staff Recommendation: Approve, subject to platting within 1 year.

Background/Discussion: The applicant requests a zone change from "SF-20" Single-Family Residential to "SF-10" Single-Family Residential and "SF-6" Single-Family Residential on an approximately 110 acre unplatted tract located north of U.S. Highway 54 and west of 159th Street East. The application is for 36.59 acres to be zoned "SF-6" and 73.36 acres to be zoned "SF-10" to allow the development of the Belle Terre South residential subdivision.

The request is in conjunction of a request for approval of the Belle Terre South Commercial CUP (DP-226) located south of the subject property at the northwest corner of U.S. Highway 54 and 159th Street East. The proposed CUP includes 3 parcels and 2 floodway reserves totaling 43.3 net acres.

The application area is currently undeveloped and used for agricultural purposes. The surrounding area to the north, west, and south is predominately zoned "SF-20" with agricultural uses to the west and south. North of the application area is the Belle Terre residential subdivision on property zoned "SF-6" and "SF-20". Across 159th Street to the east is land located in Butler County and restricted by the Green Valley Planned Unit Development, that is comprised of a mix of single- and multi-family residential and neighborhood business uses.

During the Planning Commission's discussion of this matter, questions concerning the location of the proposed residential subdivision within the Four-Mile Creek's and Brookhaven Creek's floodplain were asked by several Commissioners. After discussion, the MAPC voted (10-2) to approve the request as recommended by staff.

- Recommended Action:
1. Adopt the findings of fact of the Metropolitan Area Planning Commission and approve the zone change subject to the condition of platting; adopt the resolution and authorize the chairman to sign; and instruct the Planning Department to withhold publication until the plat has been recorded with the Register of Deeds; or
 2. Return to the Planning Commission for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on first hearing).
