

RECOMMENDATION FROM METROPOLITAN AREA PLANNING COMMISSION  
TO BOARD OF COUNTY COMMISSIONERS

**PROPOSED AGENDA ITEMS :** SCZ-0760 - Zone Change from "SF-20" Single-Family Residential to "GC" General Commercial on property located one-half mile south of 55th Street South, west of Hydraulic (5803 S. Hydraulic).

**PRESENTED BY:**

Marvin S. Krout, Director of Planning

**PROPOSED AGENDA DATE:** February 25, 1998

**COMMISSION DISTRICT #2**

---

MAPC Recommendation: Approve, subject to platting within 1 year, and the additional provisions of a (P-O) Protective Overlay (9-2).

Staff Recommendation: Approve, subject to platting within 1 year, and the additional provisions of a (P-O) Protective Overlay.

Background/Discussion: Mr. and Mrs. Becker intend to purchase three acres of vacant unplatted land (436 feet east/west by 300 feet north/south) located on the west side of Hydraulic, about one-half mile south of 55th Street South (5803 S. Hydraulic) currently zoned "SF-20", Single-Family. The applicant intends to have both a residence and a family operated trucking business on this site. To have the trucking business on the site, the applicant requests a zone change from "SF-20", Single-Family Residential to "GC", General Commercial for a one acre tract (291 feet east/west by 150 feet north/south) located in the northeast corner of the Becker's proposed ownership.

There are large lot residential uses located east and south of the application area. Agricultural uses are located north of the site, on property owned by the seller of the Becker's proposed property. The Becker's site plan indicates they will leave a 150 foot wide "SF-20" zoned buffer of his own property between the proposed "GC" site and the large lot residences located south of the applicant area. Hydraulic (a two lane paved arterial) separates the proposed "GC" zoning from the residences to the east. The proposed shop would be located west of Hydraulic some 166 feet. A 145 foot buffer of SF-20 zoned land owned by the Beckers would be left to the west of the proposed "GC" zoning. There is "LI" Limited Industrial zoning located north of the drainage ditch, west of Hydraulic, approximately 700 feet north of the application area.

The site plan indicates access to the entire three acres is to be two drive approaches to Hydraulic. Staff is opposed to two points of access, and if the zoning is approved, would recommend the plat allow only one point of access. The closest City of Wichita sewer and water service is located north of the site, approximately 1,000 feet at 57th Street. City-County Health Department will have to review and approve the use of on-site sewer and water facilities if public facilities are not extended. If the "GC" request is approved, the applicant will need to screen the north side of the "GC" zoned property with a solid fence, evergreen vegetation or landscaped earth berm since the zoning code requires such screening along side or rear yards when adjacent to residential zoning.

The applicant is agreeable to the application of a "protective overlay" to address concerns regarding the wide range of uses allowed in "GC" zoning that would not be appropriate in this location.

After limited discussion during the January 29, 1998 MAPC meeting, the commission voted (9-2) to approve the request, subject to platting within 1 year, and the additional provisions of a (P-O) Protective Overlay which limit the use of the property and restricts signage. There have been no protest petitions filed for this case.

- Recommended Action:
1. Adopt the findings of fact of the Metropolitan Area Planning Commission and approve the zone change subject to the additional provisions of a Protective Overlay (P-O) district and subject to platting within 1-year; adopt the resolution and authorize the chairman to sign; and instruct the Planning Department to withhold publication until all conditions have been complied with; or
  2. Return to the Planning Commission for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on first hearing).
