

RECOMMENDATION FROM METROPOLITAN AREA PLANNING COMMISSION
TO BOARD OF COUNTY COMMISSIONERS

PROPOSED AGENDA ITEMS : SCZ-0750 - Zone Change from "SF-20" Single-Family Residential to "GC" General Commercial on 0.9 acres of property located ¼ mile north of MacArthur, east of West Street (3842 S. West Street)

PRESENTED BY: Marvin S. Krout, Director of Planning

PROPOSED AGENDA DATE: October 22, 1997

COMMISSION DISTRICT #2

MAPC Recommendation: Approve, subject to platting within 1 year (10-0).

Staff Recommendation: Approve, subject to plating within 1 year.

Background/Discussion: The applicant requests a zone change from "SF-20" Single-Family Residential to "LI" Limited Industrial on a 0.9 acre unplatted tract located ¼ mile north of MacArthur on the east side of West Street.

The request is being made in order to relocate the applicant's electronics business. There is an uninhabited residence located on the site, with three other homes adjacent to the site (unsure if occupied). The applicants have stated they intend to renovate the existing structure for their business use. The Unified Zoning Code first permits "retail, general" in the "NR" Neighborhood retail district, however the applicants chose to request "GC" General Commercial in order to have the potential to use the property for the sale of vehicles in the future.

The surrounding uses are a mix of residential and agricultural uses on land zoned "SF-20" bounded by non-residential uses on property zoned "LI" further to the north and "LI" and "LC" to the south. All property across West Street is zoned "LI" and has developed with uses predominately industrial in nature. East of the application area is agriculturally-used land zoned "SF-20".

During the September 25, 1997 MAPC meeting, the applicant discussed his business plans and the improvements he has made to the property. One neighboring resident expressed some concern over establishing a business at this location, but did state that he appreciated the improvements the applicant has made since acquiring the subject property.

After the discussion, the MAPC voted (10-0) to approve the request subject to platting the property within one year, as recommended by staff. There have been no protest petitions filed.

- Recommended Action:
1. Adopt the findings of fact of the Metropolitan Area Planning Commission and approve the zone change subject to the condition of platting; adopt the resolution and authorize the chairman to sign; and instruct the Planning Department to withhold publication until the plat has been recorded with the Register of Deeds; or
 2. Return to the Planning Commission for reconsideration; or
 3. Override the recommendation and deny the request, citing appropriate findings.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on first hearing).
