

RECOMMENDATION FROM METROPOLITAN AREA PLANNING COMMISSION  
TO BOARD OF COUNTY COMMISSIONERS

**PROPOSED AGENDA ITEMS :** SCZ-0790 - Zone change from "SF-20 Single Family Residential, "LC", Limited Commercial, "GI", General Industrial and "LI" Limited Industrial to "GI" General Industrial and "LI" Limited Industrial; and

CU-525 – Request for Conditional Use to allow a rock crusher on 20.9 acres of property located east of West street and south of 37<sup>th</sup> Street North extended.

**PRESENTED BY:** Marvin S. Krout, Director of Planning

**PROPOSED AGENDA DATE:** July 7, 1999

**COMMISSION DISTRICT #4**

---

MAPC Recommendation:

Approve, "GI" and "LI" zoning, subject to the additional provisions of a Protective Overlay (PO # 55)(10-1-1).

Approve Conditional Use, subject to conditions (11-0).

Staff Recommendation:

Approve the zone change, subject to the additional provisions of a Protective Overlay (PO #55).

Approve the Conditional Use, subject to conditions.

Background/Discussion: Ritchie Corporation owns an unplatted tract of land bounded by West Street, 37th Street North extended, the Wichita-Valley Center Floodway and 29th Street North extended. Over the years, this property has been zoned for "SF-20", Single-family Residential, "LC", Limited Commercial, "LI", Limited Commercial, □GI□, General Industrial uses, as well as received approval of a Conditional Use for sand extraction. In recent years, an asphalt plant and related activities, rock crushing and sand extraction have occurred on this site. There are also material stockpiles on site. The existing asphalt plant has reached the end of its production effectiveness. The applicant would like to replace the existing plant with a newer asphalt plant which will have improved operating characteristics (reduced emissions), and which necessitates re-arrangement of the site layout, including the re-location of the rock crusher and asphalt plant.

Prior to 1996, asphalt and concrete batch plants were "permitted uses" in the "LI" district. With the adoption of the Unified Zoning Code in 1996, such uses now require Conditional Use permits, so the asphalt plant is current a legal nonconforming use. However, County Code Enforcement has determined that, with the plant's relocation further into the site, the plant site will have to meet current code.

To accomplish the re-configuration of the site, the applicant is requesting to rezone the north 855 feet of the application area from "LC" and SF-20 to "LI", Limited Industrial, and the western 540 feet of the south 450 feet from "LI" to "GI", General Industrial zoning. The application area is 790 feet wide by 1,305 feet long. With a Conditional Use permit (to be heard June 10), the rock crusher could be then be relocated to the north. With approval of the "GI" zoning on the south, the asphalt plant can be moved north and east. The applicant has installed a berm and evergreen landscaping along West Street.

Property to the north of the site is zoned "LC", Limited Commercial and "SF-20", Single-family Residential and is used for single-family residential and agricultural purposes. The Wichita-Valley Center Floodway. Ritchie Corporation owns the Limited Industrial zoned land to the south and uses it for their sand plant operations. Ritchie Corporation also owns the vacant Limited Commercial and "SF-20", Rural Residential zoned land located to the west. On land further west, a Conditional Use permit has been approved for a solid waste transfer station.

At the May 27<sup>th</sup> hearing, the applicant's agent presented the zone change request. After debate about the need to plat the property, the Planning Commission voted unanimously to approve the request subject to the additional provisions of a Protective Overlay and other conditions of an asphalt plant.

At the June 10<sup>th</sup> MAPC hearing, the applicant 's agent presented the request. The MAPC voted to approve the request subject to the standard conditions of a rock crusher.

Recommended Action:

1. Adopt the findings of fact of the Metropolitan Area Planning Commission and approve the zone change subject to the additional provisions of a Protective Overlay and the Conditional Use; adopt the resolution and authorize the chairman to sign; and instruct the Planning Department publish the zoning Resolution establishing the zone change; or
2. Return to the Planning Commission for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote)

of the membership of the governing body on first hearing).

Applicants:

Ritchie Corporation % HT Ritchie, Pres Box 4048 Wichita KS 67204  
Baughman Company PA 315 Ellis Wichita KS 67211
