RE: CUP2022-00021 – City Administrative Adjustment to CUP DP-232, Preston Trails Community Unit Plan to adjust architectural controls on property located on the northeast corner of East Central Avenue and North Greenwich Road (11200 East Central Avenue).

Legal Description: Lot 1, Block 1, Balthrop 3rd Addition, Wichita, Sedgwick County, Kansas

Dear Applicants:

We received and reviewed your request for an Administrative Adjustment to the Preston Trails Community Unit Plan DP-232. We understand that you desire to modify the architectural controls of General Provision #15 as follows in bold, underlined and italicized text:

15. Architectural Control: All buildings in Parcels 1 thru 4 shall share similar architectural character, color, texture, and same predominate exterior building material. ***Provided, however, new building construction on Parcel 1 that is behind primarily structures fronting North Greenwich Road may be developed with uses having unique architecture not common to other buildings in the development as long as there is some shared element of either design, color, or texture. Variations must be approved by the Planning Department.*** All parking lot lighting in Parcels 2 thru 4 shall share consistent design (i.e. features, poles, lamps, etc.). The parking lot lighting in Parcels 2 thru 4 shall share consistent color of poles with those in Parcel 1. (See Admin. Adj. dated 7/23/2001)

On the basis of our review, we find that adjusting CUP DP-232 in the manner stated above is consistent with the approved CUP and will not have an adverse effect on the CUP or adjacent properties, nor will it be a substantial deviation of the original plan.

Our signatures below indicate that CUP DP-232 shall be adjusted as stated in this letter. This adjustment shall not be deemed to alter any other provisions of the CUP except as expressly stated herein.

The "Development Application" sign should now be removed from the property. Please submit four (4) new copies and one (1) electronic copy of the revised CUP drawing within 60 days in order for this adjustment to be considered final.
