Agenda Report # _____

TO: Mayor and City Council

SUBJECT: PUBLIC HEARING V-1914 REQUEST TO VACATE MADISON STREET
RIGHT-OF-WAY, SOUTH OF 21ST. STREET NORTH.
(District # 1)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

Staff Recommendation: Approve vacation of street right-of-way.

MAPC Recommendation: Approve vacation of street right-of-way (11 - 2).

CPO Recommendation: Approve the redevelopment project, but not the vacation of Madison Street (8 - 0).

Background: The City of Wichita in conjunction with Union National Bank (Commerce Bank) and Mennonite Housing are redeveloping a site along 21st St. North and either side of Madison. As part of this redevelopment the site is being replatted. To provide needed area for the improvements being planned, a section of Madison between 21st St. N. and Stadium is intended to be incorporated into the site's platting, that is, the right-of-way vacated and made part of the site. Any required improvements (closing of street openings, utility relocations, etc.) will be addressed through the platting of the two abutting tracts.

Over 80 property owners were directly notified of the MAPC and CPO meetings in regard to this vacation case, and those people in attendance at those meetings were notified of the Council hearing date. Other meetings, have also been held by bank officials over the past months to inform area residents of this proposal.

Planning staff recommended approval of this request, in consideration of the following:

- Police and fire department officials indicate that the street closing will not have a significant impact on response time for emergency services. A new water line and fire hydrants will improve fire protection for nearby residents.
- The street closing should reduce traffic conflicts and potential accidents along 21st Street.
- The street closing should reduce the volume and speed of traffic on Madison south of Stadium, increasing pedestrian safety. It may also have some positive effect in discouraging crime by offering a less convenient getaway from the crime scene.
- The inconvenience for residents south of Stadium involves only trips to and from 21st Street west of Madison, and is no more than that experienced by the residents of most newer local subdivisions, whose streets are laid out in a more hierarchical pattern.
- Provisions for continued pedestrian circulation between 21st and Stadium will be made through the plat abutting Madison Street on the east. And
- The redevelopment plan includes a component of housing rehabilitation and public improvements which will benefit the residents in this general area.

Although no citizens appeared in opposition to the vacation at the MAPC meeting, there were 3 speakers at the MAPC's Subdivision Committee meeting and 12 at the initial CPO meeting. They expressed concerns about not having been informed earlier in the process, about the inconvenience that would result from the street closing for trips to and from 21st Street to the west, about the increased congestion on Piatt and on Grove at 21st Street, and at possible effects of the proposed redevelopment on property values. The MAPC voted (11 - 2) to recommend approval of the vacation. The CPO, after a two-week deferral, voted (8 - 0) to endorse the redevelopment project but not the vacation of Madison Street. They also requested that the Traffic Engineer assess Piatt at 21st and ascertain whether a traffic signal is warranted.

Legal Considerations: The City Clerk needs to certify as to proper notification and no filing of written protest.

Recommendations/Actions:

Close the public hearing; approve the vacation; authorize the Mayor to sign the Vacation Order and record the certified copy of the Vacation Order; recording costs to be billed to: 150029-2909
