Re: V-1898 Request to vacate drainage easements

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission, Thursday, January 5, 1995, the above-captioned vacation request was considered. The action of the Committee was to recommend that this vacation be approved subject to:

- A. The applicant shall be responsible for the relocation or reconstruction of any utilities made necessary by this vacation.
- B. The applicant shall submit a temporary easement for the existing storm sewer until it is relocated out of the easement or provide a letter to City Engineering stating the existing storm sewer has been relocated.
- C. The applicant shall review the legal descriptions as provided on the staff report and if necessary indicate any needed corrections.
- D. The applicant is advised that the vacation of these easements does not alter any setback or other requirements that may exist involving the KANEB pipeline located along or adjacent to these drainage easements.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, January 12, 1995 at 1:30 p.m. If you have any questions, please call - 268-4459.
