CLARK ELEMENTARY ADDITION

WICHITA, SEDGWICK COUNTY, KANSAS

State of Kansas) ss
Sedgwick County)

I, the undersigned licensed land surveyor in aforesaid county and state, do hereby certify that, under the supervision of the undersigned, we, AM Consulting, Inc. have surveyed and platted "CLARK ELEMENTARY ADDITION", Wichita, Sedgwick County, Kansas and that the accompanying plat is a true and correct exhibit of the property surveyed, described as follows:

Block 15, in Replat of Part of Eastridge, an Addition to Wichita, Kansas, Sedgwick County, Kansas, and part of Block 17 in said Replat of Part of Eastridge described as follows: Beginning at the Northeast corner of said Block 17; thence South 122 feet; thence with an angle of 77° and 40' to the right for a distance of 118.7 feet; thence Southwesterly 410.3 feet more or less to a point on the Northerly line of Cottonwood Lane extended, said point being 123 feet Southeast of the Southerly line of Royal Road; thence Northwest 123 feet to Royal Road; thence Northeasterly and East to the place of beginning, and together with the vacated street described as Royal Road from the Northeasterly line of Cottonwood Lane to the West line of Governor Road, as platted in said Replat of Part of Eastridge, and as vacated in Deed Book 831, Page 205 and in Deed Book 834, Page 347, and on Film 170, Page 114.

Said tract contains 303,314 square feet more or less.

Existing public dedications, right-of-ways, and easements being vacated by virtue of K.S.A. 12-512(b).

Randall L. Elkins, L.S. # 1294, Surveyor

State of Kansas) ss
Sedgwick County)

Know all men by these presents that we, the undersigned, have caused the land described in the surveyor's certificate to be platted into a Lot and Block, to be known as "CLARK ELEMENTARY ADDITION", Wichita, Sedgwick County, Kansas. The utility easements are hereby granted as indicated for constructing, maintaining, operating, and repairing utilities. Right of Way as shown is hereby dedicated to the public for streets.

A drainage plan has been developed for the plat. All drainage easements and/or right-of-ways shall remain at established grades, or as modified with the approval of the applicable public agency, and unobstructed to allow for the conveyance of stormwater.

U.S.D. 259, By: [Signature]

Date 2/9/07

State of Kansas) ss
Sedgwick County)

RE: SUB 2003-134 -- One-Step Final Plat of Clark Elementary Addition

At the regular meeting of the Metropolitan Area Planning Commission on December 11, 2003, the above captioned plat was considered. The action of the Planning Commission was to approve the plat as recommended by the Subdivision Committee, subject to the conditions stated in our letter dated December 5, 2003.

The following items must be submitted to the Metropolitan Area Planning Department before the plat is scheduled for the City Council and/or County Commission's consideration:

1. A completed and signed tracing of the subdivision, along with five (5) copies. Also, if a change is required on the tracing after submittal, five (5) revised copies must be submitted;
2. A check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting (\$8.00 for the first page; \$4.00 for each additional page), if the site is located within the City of Wichita's city limits, OR, in the County within three miles of Wichita's city limits; and,
3. A compact disc (CD), which will be used by the City and County GIS Departments, detailing the final plat in digital format in Autocad. If a disc is not provided, please send via e-mail to Cheryl Holloway (E-Mail address: cholloway@wichita.gov). Please include the name of the plat on the disc.

If you have any questions regarding this plat, please call.

A handwritten signature in cursive script, reading 'Neil Evan Strahl'.

RE: SUB 2003-134 -- One-Step Final Plat of Clark Elementary Addition

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, December 4, 2003, the above captioned plat was considered. The action of the Committee was to approve the one-step final plat, subject to the following staff comments:

- A. Municipal services appear to be available to serve the site. **A 10-ft utility easement is needed along the southeast property line. A 20-ft utility easement is needed to cover the sewer line extending from Cottonwood Lane.**
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. **City Engineering** needs to comment on the status of the applicant's drainage plan. **The drainage plan is approved.**
- D. The applicant shall submit an avigational easement covering all of the subject plat and a restrictive covenant assuring that adequate construction methods will be used to minimize the effects of noise pollution in the habitable structures constructed on subject property.
- E. The signature line for the City Clerk needs to be revised to reference "Karen Schofield".
- F. The MAPC signature block needs to reference "Ronald L. Marnell, Chair".
- G. The Applicant is reminded that a platting binder is required with the final plat. Approval of this plat will be subject to submittal of this binder and any relevant conditions found by such a review.
- H. The platator's text shall include language that a drainage plan has been developed for the plat and that all drainage easements, rights-of-way, or reserves shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and unobstructed to allow for the conveyance of stormwater.

City Hall • 10th Floor • 455 North Main • Wichita, Kansas 67202-1688

T 316.268.4421 **F** 316.268.4390

www.wichitagov.org

- I. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- J. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- K. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (Phone 316-946-4556) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- L. The applicant is advised that various State and Federal requirements (specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147) for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- M. The owner of the subdivision should note that any construction that results in earthwork activities that will disturb one (1) acre or more of ground cover requires a Federal/State NPDES Storm Water Discharge Permit from the Kansas Department of Health and Environment in Topeka. Also, for projects located within the City of Wichita, erosion and sediment control devices must be used on ALL projects. For projects outside of the City of Wichita, but within the Wichita Metropolitan area, the owner should contact the appropriate governmental jurisdiction concerning erosion and sediment control device requirements.
- N. Perimeter closure computations shall be submitted with the final plat tracing.
- O. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- P. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property.
- Q. The applicant is reminded that a compact disc (CD) shall be submitted with the final plat tracing to the Planning Department detailing this plat in digital format in AutoCAD, or sent via e-mail to MAPD (cholloway@wichita.gov) . This will be used by the City and County GIS Department.

If this plat requires the guaranteeing of improvements, a list of the five (5) methods that have been adopted as being acceptable is available in the Planning Department. Also available, are Certificates that are required if petitions are submitted, bond forms and Irrevocable Letter of Credit forms.

This case will be forwarded to the Planning Commission for consideration on Thursday, December 11, 2003. The meeting will begin at 12:30 p.m.

The enclosed "marked" copy of the plat is for your information and files.
