_____, City Clerk
Pat Burnett

Know all men by these presents that we, the undersigned, have caused the land in the surveyors certificate to be platted into a Lot, a Block, a Street, and a Reserve, to be known as "CHURCH OF THE MAGDALEN 2ND ADDITION", Wichita, Sedgwick County, Kansas. The utility easements are hereby granted as indicated for the construction and maintenance of all public utilities. The drainage and utility easement is hereby granted as indicated for drainage purposes and for the construction and maintenance of all public utilities. The street is hereby dedicated to and for the use of the public. Reserve "A" is hereby reserved for lakes, landscaping, berms, open space, drainage purposes, and utilities as confined to easements. Reserve "A" shall be owned and maintained by the owner of Lot 1, Block A. Access controls shall be as depicted on the face of the plat and are hereby granted to the City of Wichita, Kansas. The permitted opening locations shall be as determined by the City Engineer of the City of Wichita, Kansas. The Minimum Building Pad Elevation for the lowest opening to the structures on Lot 1, Block A, shall be 185.6 City Datum, (1373.0 NGVD).

Reviewed in accordance with K.S.A. 58-2005 on this _____ day of _____, 2002.

RE: SUB 2001-106 -- One-Step Final Plat of Church of the Magdalen Second Addition

At the regular meeting of the Metropolitan Area Planning Commission on November 8, 2001, the above captioned plat was considered. The action of the Planning Commission was to approve the plat as recommended by the Subdivision Committee, subject to the conditions stated in our letter dated October 19, 2001.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision, along with four (4) copies, to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot, residential developments.
4. Submission of a disk to the Planning Department detailing the final plat in digital format in Autocad. This will be used by the City and County GIS Departments.

If you have any questions concerning this matter, please call.

A handwritten signature in cursive script that reads 'Neil Evan Strahl'.

RE: SUB 2001-106 -- One-Step Final Plat of Church of the Magdalen Second Addition

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, October 18, the above captioned plat was considered. The action of the Committee was to approve the final plat, subject to the following:

STAFF COMMENTS:

- A. Existing petitions for extensions of sewer and water have been submitted with the Church of the Magdalen Addition. No other guarantees are required.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning department for recording.
- C. City/County Engineering needs to comment on the status of the applicant's drainage plan. County Engineering has requested the final drainage plan for review to determine impact upon 21st St. right-of-way.
- D. County/Traffic Engineering needs to comment on the access controls. The plat proposes two access openings along 21st St. North and two access openings along 127th St. East. The access controls are approved.
- E. As part of the approval of the Church of the Magdalen Addition, the Applicant provided a guarantee for the construction of a left turn bay on 21st Street and the construction of a paved road to County standards on 127th St. East along the plat's frontage.
- F. Provisions shall be made for ownership and maintenance of the proposed reserves. For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant, to the City, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by the governing body.

City Hall • 10th Floor • 455 North Main • Wichita, Kansas 67202-1688

T 316.268.4421 F 316.268.4390

www.wichitagov.org

- G. For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant, to the City, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by the governing body.
- H. The building setback line associated with the pipeline along 127th St. needs to be labeled as a "pipeline" setback.
- I. The platting text shall include language that a drainage plan has been developed for the plat and that all drainage easements, rights-of-way, or reserves shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and unobstructed to allow for the conveyance of stormwater.
- J. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- K. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- L. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (Phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- M. The applicant is advised that various State and Federal requirements (specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147) for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- N. The owner of the subdivision should be aware of the fact that the development of any subdivision greater than five (5) acres in size may require an NPDES Storm Water Discharge Permit from the Kansas Department of Health and Environment in Topeka. Further, on all construction sites, the City of Wichita requires that best management practices be used to reduce pollutant loadings in storm water runoffs.
- O. Perimeter closure computations shall be submitted with the final plat tracing.
- P. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- Q. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property.
- R. The applicant is reminded that a disk shall be submitted with the final plat tracing to the Planning Department detailing this plat in digital format in AutoCAD. This will be used by the City and County GIS Department.

SUB 2001-106 -- One-Step Final Plat of Church of the Magdalen Second Addition
October 19, 2001
Page 3

If this plat requires the guaranteeing of improvements, a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Certificates, which are required if petitions are submitted, and forms for the bond and Irrevocable Letter of Credit are also available from this office.

This case will be forwarded to the Planning Commission on Thursday, November 8, 2001, at 1:00 p.m.

The enclosed "marked" copy of the plat is for your information and files.

If you have any questions concerning this matter, please call.

A handwritten signature in black ink, appearing to read "Neil Evan Strahl". The signature is written in a cursive, flowing style.
