

THUNDERBIRD OFFICE PARK

AN ADDITION TO WICHITA, SEDGWICK COUNTY, KANSAS

Final tracing
dated 3-12-02

State of Kansas) SS
Sedgwick County) We, Baughman Company, P.A., Surveyors in
aforesaid county and state do hereby certify that we have surveyed and
platted "THUNDERBIRD OFFICE PARK", an Addition to Wichita, Sedgwick
County, Kansas and that the accompanying plat is a true and correct
exhibit of the property surveyed, described as beginning at the NE corner
of the NE 1/4 of Sec. 25, Twp. 27-S, R-2-W of the 6th P.M., Sedgwick
County, Kansas; thence S00°00'00"W along the east line of said NE 1/4,
1399.49 feet; thence N90°00'00"W, 150.00 feet; thence N35°30'42"W,
400.00 feet; thence N43°17'04"W, 400.00 feet; thence N47°48'49"W,
113.22 feet to the most southerly corner of Reserve "A" in Wyne Addition,
Wichita, Sedgwick County, Kansas; thence N42°11'11"E along the southeast
line of said Reserve "A" and along the southeast line of Lot 1, Block A, in
said Wyne Addition, 469.79 feet to the most easterly SE corner of said
Lot 1; thence N00°00'00"E along the east line of said Lot 1, and as
extended north, 350.07 feet to a point on the north line of said NE 1/4;
thence N88°51'10"E along the north line of said NE 1/4, 425.09 feet to the
point of beginning, all being subject to road rights-of-way of record.

Existing public easements and dedications
being vacated by virtue of K.S.A. 12-512(b).

Baughman Company, P.A.

KANSAS
REGISTERED
SURVEYOR

Know all men by these presents that we,
the undersigned, have caused the land in the surveyors certificate to be
platted into Lots, a Block, Streets, and a Reserve to be known as
"THUNDERBIRD OFFICE PARK", an Addition to Wichita, Sedgwick County,
Kansas. The utility easements are hereby granted as indicated for the
construction and maintenance of all public utilities. The streets are
hereby dedicated to and for the use of the public. Reserve "A" is
hereby reserved for floodway, drainage purposes, and open space.
No buildings or other obstructions shall be constructed or placed on
or within said Reserve "A", nor shall any fill, change of grade, creation
of channel, or any other work be carried on without the permission of
the City Engineer of the City of Wichita, Kansas. Reserve "A" shall be
owned and maintained by the owner of Lot 2, Block A. All abutters
rights of access shall be as depicted on the face of the plat and are
hereby granted to the City of Wichita, Kansas. The permitted opening
locations shall be as determined by the City Engineer of the City of
Wichita, Kansas. The Minimum Building Pad Elevations for the lowest
opening to the structures shall be as indicated on the face of the plat.

RE: SUB 2001-109 -- Final Plat of Thunderbird Office Park Addition

At the regular meeting of the Metropolitan Area Planning Commission on December 20, 2001, the above captioned plat was considered. The action of the Planning Commission was to approve the plat as recommended by the Subdivision Committee subject to the conditions stated in our letter dated December 13, 2001:

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision, along with four (4) copies, to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision Regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot, residential developments.
4. Submission of a disk to the Planning Department detailing the final plat in digital format in Autocad. This will be used by the City and County GIS Departments.

If you have any questions concerning this matter, please call.

A handwritten signature in cursive script, reading 'Neil Evan Strahl'.

RE: SUB 2001-109 -- Final Plat of Thunderbird Office Park Addition

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, December 13, the above captioned plat was considered. The action of the Committee was to approve the final plat, subject to the following:

STAFF COMMENTS:

- A. City Engineering needs to comment on the need for guarantees or easements. A guarantee needs to be provided for extension of sanitary sewer and City water.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. City Engineering needs to comment on the status of the applicant's drainage plan. A drainage guarantee is required.
- D. County Surveying has advised that the sanitary sewer easement needs to be located.
- E. A dimension is needed along the south line of Reserve A.
- F. The plat proposes two access openings along 119th St. West and one opening along Maple. The northerly opening may be retained subject to right turns only and construction of a median extension. A cross-lot access agreement shall be provided between Lots 1 and 2.
- G. Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities.

- H. For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant, to the City, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by the governing body.
- I. The Applicant is reminded that a platting binder is required with the final plat. Approval of this plat will be subject to submittal of this binder and any relevant conditions found by such a review.
- J. The platator's text shall include language that a drainage plan has been developed for the plat and that all drainage easements, rights-of-way, or reserves shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and unobstructed to allow for the conveyance of stormwater.
- K. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- L. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- M. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (Phone 316-946-4556) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- N. The applicant is advised that various State and Federal requirements (specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147) for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- O. The owner of the subdivision should be aware of the fact that the development of any subdivision greater than five (5) acres in size may require an NPDES Storm Water Discharge Permit from the Kansas Department of Health and Environment in Topeka. Further, on all construction sites, the City of Wichita requires that best management practices be used to reduce pollutant loadings in storm water runoffs.
- P. Perimeter closure computations shall be submitted with the final plat tracing.
- Q. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- R. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property.

SUB 2001-109 -- Final Plat of Thunderbird Office Park Addition
December 13, 2001
Page 3

- S. The applicant is reminded that a disk shall be submitted with the final plat tracing to the Planning Department detailing this plat in digital format in AutoCAD. This will be used by the City and County GIS Department.

If this plat requires the guaranteeing of improvements, a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Certificates, which are required if petitions are submitted, and forms for the bond and Irrevocable Letter of Credit are also available from this office.

This case will be forwarded to the Planning Commission on Thursday, December 20, 2001, at 12:00 p.m.

The enclosed "marked" copy of the plat is for your information and files.

If you have any questions concerning this matter, please call.

December 20, 2001 - Page 2

NOTE: Lots 1 and 2 have been approved for a zone change (ZON 2001-36) from SF-5, Single-Family Residential to GO, General Office. A Protective Overlay (P-O #99) was also approved for this site addressing permitted uses, density, signage, lighting, landscape buffers and architectural controls. The site is located within the 100-year floodplain.

STAFF COMMENTS:

- A. City Engineering needs to comment on the need for guarantees or easements. *A guarantee needs to be provided for extension of sanitary sewer and City water.*
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. City Engineering needs to comment on the status of the applicant's drainage plan. *A drainage guarantee is required.*
- D. County Surveying has advised that the sanitary sewer easement needs to be located.
- E. A dimension is needed along the south line of Reserve A.
- F. The plat proposes two access openings along 119th St. West and one opening along Maple. *The northerly opening may be retained subject to right turns only and construction of a median extension. A cross-lot access agreement shall be provided between Lots 1 and 2.*
- G. Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities.
- H. For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant, to the City, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by the governing body.
- I. The Applicant is reminded that a platting binder is required with the final plat. Approval of this plat will be subject to submittal of this binder and any relevant conditions found by such a review.
- J. The platting text shall include language that a drainage plan has been developed for the plat and that all drainage easements, rights-of-way, or reserves shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and unobstructed to allow for the conveyance of stormwater.
- K. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- L. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the

SUB 2001-109 – Final Plat of THUNDERBIRD OFFICE PARK ADDITION
December 20, 2001 - Page 3

notary's signature.

- M. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (Phone 316-946-4556) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- N. The applicant is advised that various State and Federal requirements (specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147) for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- O. The owner of the subdivision should be aware of the fact that the development of any subdivision greater than five (5) acres in size may require an NPDES Storm Water Discharge Permit from the Kansas Department of Health and Environment in Topeka. Further, on all construction sites, the City of Wichita requires that best management practices be used to reduce pollutant loadings in storm water runoffs.
- P. Perimeter closure computations shall be submitted with the final plat tracing.
- Q. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- R. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property.
- S. The applicant is reminded that a disk shall be submitted with the final plat tracing to the Planning Department detailing this plat in digital format in AutoCAD. This will be used by the City and County GIS Department.
