PLANNED UNIT DEVELOPMENT PUD #27

LEGAL DESCRIPTION:

Via Christi - West Campus Addition, Sedgwick County, Kansas.

GENERAL PROVISIONS:

- Total Net Land Area: 4,803,513 sq. ft. or 110.27± acres.
Reserves: 530,628 sq. ft. or 12.18± acres.
- Maximum Building Coverage: 1,441,054 sq. ft. or 30 percent.
Maximum Gross Floor Area: 1,921,405 sq. ft. or 40 percent.
- Parking shall be provided in accordance with Article IV of the Unified Zoning Code, unless otherwise specified in the parcel descriptions.
- Setbacks are as indicated on the P.U.D. drawing, or as specified in the parcel descriptions. If contiguous parcels are to be developed under the same ownership, setbacks between those parcels will not be required.
- A Drainage Plan shall be submitted to City Engineering for approval at the time of platting, along with any required guarantees.
- Improvements and Guarantees for arterial street improvements shall be determined at the time of platting.
- Access Controls shall follow the guidelines of the access management policy. All final access control locations shall be determined at the time of platting.
- Signs shall be in accordance with the Sign Code of the City of Wichita for the "LC" district with the following conditions:
 - Two signs shall be allowed along 21st St. N. with a maximum area of 600 sq. ft. with no single sign exceeding 300 sq. ft. Seven signs shall be allowed along 151st St. W. with a maximum area of 1,800 sq. ft. with no single sign exceeding 300 sq. ft.
 - All freestanding signs must be monument type signs. Hospital signage along either 21st St. N. or 151st St. W. shall have a maximum height of 30 feet. Multi-tenant signs shall have a maximum height of 20 feet. Single tenant signs shall have a maximum height of 15 feet.
 - As the frontage develops along the arterial roadways, monument type signs shall be spaced a minimum of 150 feet apart, irrespective of how land is leased or sold.
 - Electronic message signs shall be permitted. This sign shall not permit animated flashing or moving images, and graphics changes will be restricted to one change per second or slower.
 - Portable or off-site signs are not permitted.
 - Window display signs are limited to 25% of the window area.
 - Within this development unlimited 24 square-foot directional signage, limited to six feet in height, and consistent with submitted elevations, shall be permitted. Also, five internal monument signs shall be permitted within the development. The five internal monument signs shall be limited to 50 square feet in area, shall be limited to 10 feet in height, shall not be within 200 feet of an arterial right-of-way, and shall be consistent with submitted elevations.
- All exterior lighting shall be shielded to direct light disbursement in a downward direction.
- All parcels shall share similar or consistent parking lot lighting elements (i.e., fixtures, poles, and lamps, etc.).
 - Light poles for the hospital and MOB parking lots shall not exceed 30 feet in height, excluding the base. No light pole for the hospital or MOB parking lot shall exceed a 20 foot height when located within 300 feet of residential zoned property. Light poles for all other buildings shall not exceed 24 feet in height, excluding the base. Base height for light poles shall not exceed a maximum height of 3 feet.
- Utilities shall be installed underground on all parcels.
- Landscape for this site shall be required as follows:
 - Development of all parcels within the P.U.D. shall comply with the Landscape Ordinance of the City of Wichita.
 - A landscape plan shall be prepared by a Kansas Landscape Architect for the above referenced parcels, indicating the type, location, and specifications of all plant material. This plan shall be submitted to the Planning Department for their review and approval prior to issuance of a building permit.
 - A financial guarantee for the plant material approved on the landscape plan for that portion of the P.U.D. being developed shall be required prior to issuance of an occupancy permit, if the required landscape has not been planted.
- Screening to adjacent residentially zoned property shall be a combination of the landscape ordinance and/or maintaining the existing vegetation.
 - Any portion of this P.U.D. that is developed adjacent to residentially zoned property shall have a 30 foot screening buffer for screening purposes.
 - If the adjacent property is rezoned to a use greater than residential, the 30 foot screening buffer shall be waived.
 - All screening within the 30 foot buffer shall be maintained by the owner of the property.
- Rooftop mechanical equipment shall be screened from ground level view per Unified Zoning Code.
- Trash receptacles shall be appropriately screened with walls that are of a pattern and color consistent with the building walls to reasonably screen them from ground view.
- Site plans and building elevations for all parcels shall be submitted and approved by the Director of Planning prior to the issuance of building permits.
- Cross-lot circulation agreements shall be required at the time of platting to assure internal vehicular movement between parcels within the P.U.D.
- A plan for a pedestrian walk system shall be submitted and approved by the Director of Planning prior to the issuance of building permits. Said sidewalk system shall link proposed buildings within the subject property to future sidewalks along the arterial streets. Said walk system shall be reinforced by landscaping, lighting, and seating areas.
- Fire lanes shall be in accordance with the Fire Code of the City of Wichita. No parking shall be allowed in said fire lanes, although they may be used for passenger loading and unloading. The Fire Chief or his designated representative shall review and approve the location and design of all fire lanes. Fire hydrant installation and paved access to all building sites shall be provided for each phase of construction per City standards.
- No parcel within this P.U.D. shall allow the use of adult entertainment establishments, correctional placement residences, private clubs, taverns, and drinking establishments. Restaurants that serve liquor can be developed for passenger loading and unloading. The Fire Chief or his designated representative shall review and approve the location and design of all fire lanes. Nightclub in the County may be allowed only as an accessory use to a restaurant, subject to the Supplemental Use Regulations in Article III-D.5.f.
- Amendments, adjustments or interpretations to this P.U.D. shall be done in accordance with the Unified Zoning Code.
- The Transfer of title of all or any portion of land included within the P.U.D. (or any amendments thereto) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successors and assigns.
- The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approved by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator and the Director of Planning, shall constitute a violation of the building permit authorizing construction of the proposed development.
- Any major changes in this development plan shall be submitted to the Planning Commission and to the Governing Body for their consideration.
- All property included within the P.U.D. shall be platted within one year after approval of this P.U.D. by the Governing Body, or the case shall be considered denied and closed.
- Prior to publishing the ordinance establishing the zone change, the applicant(s) shall record a document with the Register of Deeds indicating that this tract (referenced as PUD2007-04) includes special conditions for development on this property.
