City of Wichita
City Council Meeting
September 9, 2008

TO: Mayor and City Council

SUBJECT: ZON2008-00037 – Zone change from SF-5 Single-family Residential (“SF-5”) to LI Limited Industrial (“LI”); generally located east of Hoover Road, one block south of Kellogg and north of 1330 S. Hoover Road. (District IV)

INITIATED BY: Metropolitan Area Planning Department *JLS*

AGENDA: Planning (Consent)

MAPC Recommendations: Approve, subject to platting within one year and dedication of maintenance access easement (8-0).

MAPD Staff Recommendations: Approve, subject to platting within one year and dedication of maintenance access easement.

Background: The applicant is requesting a zone change to LI Limited Industrial ("LI") for a 0.89-acre parcel of land located east of Hoover Road at the terminus of Pueblo Drive, one block south of Kellogg and near the Kellogg/I-235 interchange. The eastern boundary of the tract is the Wichita-Valley Center Flood Control Project (the "Big Ditch").

The subject property is abandoned railroad right-of-way. Upon abandonment, the zoning of land is designated as SF-5 Single-family Residential ("SF-5"). The applicant is requesting the LI zoning to incorporate the tract with the adjoining 7-acre tract for industrial warehouse type of development.

The area to the south is zoned LI and is developed with industrial-type uses, including a truck rental business and FedEx. The Wichita Mid-Continent Airport is located to the southwest on property zoned LI. The property to the northwest is zoned GC General Commercial ("GC") and used for vehicle repair. The property to the north also is zoned GC and is occupied by a restaurant use and a hotel. The property to the east is the Big Ditch and is not zoned. The property is a former railroad right-of-way and has been an access point for the City for maintenance of the Big Ditch.

Analysis: At the MAPC meeting held August 7, 2008, the MAPC voted (8-0) to recommend approval of the zone change request for LI subject to staff recommendation of platting within one year and dedication of a maintenance access easement agreed to between the applicant and the city for maintaining the flood control project to the east. No protest petitions have been received.

Financial Considerations: None.

Goal Impact: Promote Economic Vitality and Affordable Living.

Legal Considerations: The ordinance has been reviewed and approved as to form by the Law Department.

Recommendation/Actions:

1. Adopt the findings of the MAPC and approve the zone change subject to platting within one year and dedication of the maintenance access easement; withhold the publication of the ordinance until the plat and easement are recorded; or
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a two-thirds majority vote of the City Council on the first hearing.)
