**City of Wichita
City Council Meeting
August 23, 2011**

TO: Mayor and City Council

SUBJECT: ZON2011-00020 – City zone change from OW Office-Warehouse (“OW”) to General Commercial (“GC”) with Protective Overlay (“P-O”) #255; generally located east of Rock Road, on the northwest side of Pawnee Avenue and Oak Knoll Street. (District II)

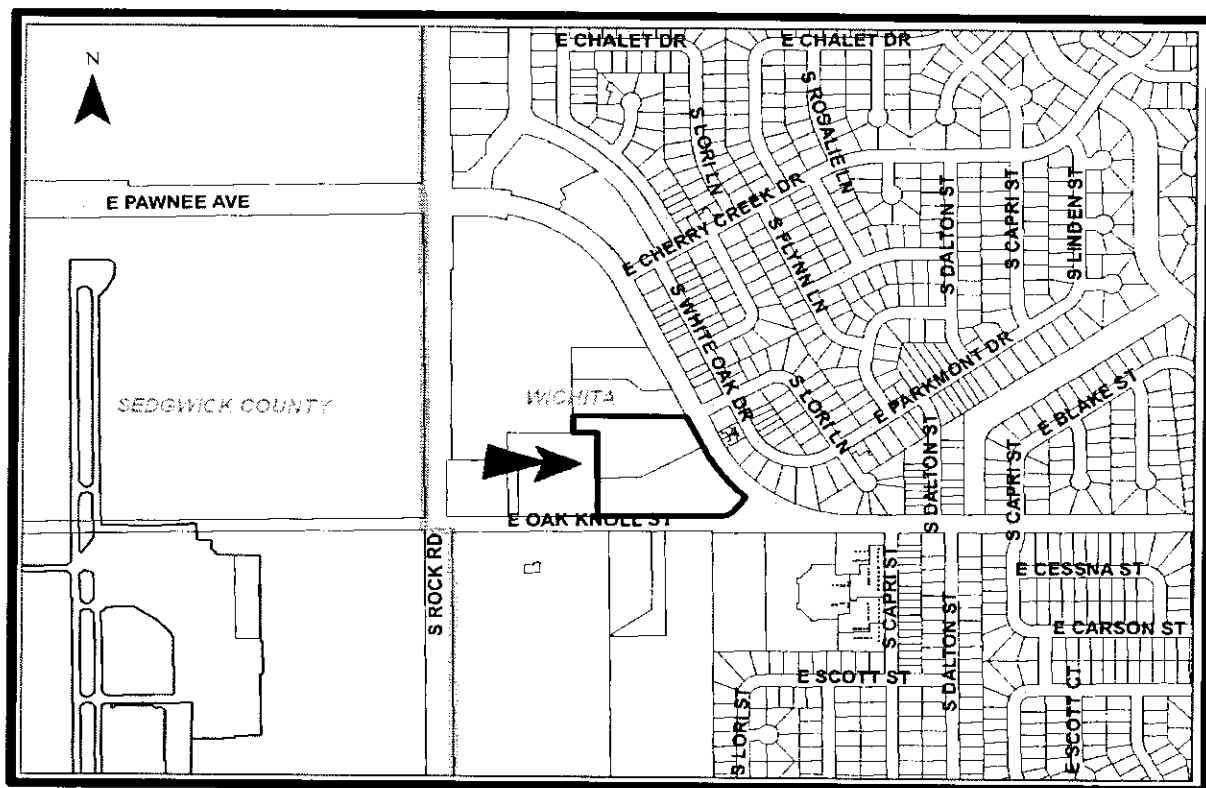

INITIATED BY: Metropolitan Area Planning Department *JLS*

AGENDA: Planning (Consent)

MAPC Recommendation: Approve (10-0).

MAPD Staff Recommendation: Approve.

DAB Recommendation: Approve (10-0).

Background: The applicants are requesting consideration for General Commercial (“GC”) zoning with a Protective Overlay (“P-O”) on the OW Office-Warehouse (“OW”) zoned, 7.07-acre, undeveloped portion of Lots 1, and 2, Block 1, Plaza at Cherry Creek Hills Addition. The proposed rezoning would allow the applicant to establish a machine shop with lathes and mills (general manufacturing) and medical services. A machine shop/general manufacturing is not permitted in the current OW zoning district, but is permitted by right in the GC zoning district, with building design considerations. Medical services are not permitted in the current OW zoning, but are permitted by right in the GC zoning district.

Properties abutting and adjacent to the site on its west and north sides are B Multi-Family Residential (“B”) zoned vacant land and two – three storey apartments and OW zone vacant land and a self storage warehouse. Adjacent to the west is an LC Limited Commercial (“LC”) zoned electrical substation. Further west of the site, across Rock Road, are the extensive LI Limited Industrial (“LI”) zoned Cessna Aircraft properties and facilities. Cessna is one of the four principle aircraft manufacturing complexes in the Wichita – Sedgwick County community.

South and southeast of the site, across Oak Knoll Street, there is an LI and OW zoned concrete products contractor’s yard, LI zoned vacant land (in the past the Durham school bus staging yard) and gas storage tanks (probably the oldest development in the area). A MF-29 Multi-family Residential (“MF-29”) zoned condo development is located to the southeast of the site, across Oak Knoll Street. A SF-5 Single-family Residential (“SF-5”) zoned single-family residential neighborhood is located south of the condos, the contractor’s yard, the gas storage tanks, and the vacant land. There are MF-29, B, TF-3 Duplex (“TF-3”), MF-18 Multi-family Residential (“MF-18”), and SF-5 zoned apartments, duplexes and single-family residences located east and northeast of the site, across Pawnee Avenue.

Analysis: At the District Advisory Board (“DAB”) II meeting held July 11, 2011, the DAB voted (10-0) to approve the request for GC zoning, subject to the provisions of Protective Overlay #255. There were no protests at the DAB meeting. At the MAPC meeting held July 21, 2011, the MAPC voted (10-0) to approve the request for GC zoning, subject to the provisions of Protective Overlay #255. There were no protests at the MAPC’s hearing and Staff has received no written protest or phone calls protesting the request.

Financial Considerations: Approval of the request will not create any atypical financial obligations for the City.

Goal Impact: The application supports the City’s goal to promote Economic Vitality.

Legal Considerations: The ordinance has been reviewed and approved as to form by the Law Department.

Recommendation/Actions:

1. Adopt the findings of the MAPC and approve the zone change, subject to the provisions of Protective Overlay #255, authorize the Mayor to sign the ordinance and place the ordinance on first reading (simple majority required).
