Re: S/D 97-35 -- Final Plat of SUNNYDALE FARMS ADDITION

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on July 17, 1997, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of June 20, 1997.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Keith Gooch
Current Plans Division

Re: S/D 97-35 - Final Plat of SUNNYDALE FARMS ADDITION

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, June 19, 1997, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- A. Municipal sanitary sewer and water services are not available to serve this property, so the applicant should contact the Environmental Health Division of the Health Department to determine what tests are necessary for approval of on-site facilities. A memorandum indicating approval of on-site facilities should be obtained prior to County Commission consideration of this plat. Health Department has, by letter of May 28, 1997, indicated the soil tests required.
- B. County Public Services indicated no need for improvements or additional dedications to 101st Street. Dedication of access control shall be indicated in the plat's text.
- C. The street name shall be "Sunnydale Court".
- D. County Public Services requires that Sunnydale Court be constructed to a gravel street with a width of 36 feet to accommodate fire equipment from 101st Street North to the cul-de-sac. If additional right-of-way is needed for the extra roadway width it shall be granted. This will be done in lieu of a second means of access to the subdivision.
- E. The applicant shall guarantee the construction of any drainage improvements required by the platting of this property, including storm sewers.
- F. County Engineering has reviewed and approved the applicant's drainage concept.

June 20, 1997

Page 2

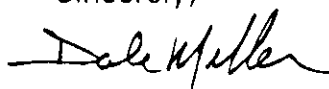

- G. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- J. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- K. The applicant is advised that various State and Federal requirements for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements (Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 30, Marquette Kansas, 67464, 913-546-2294 or Kansas Department of Wildlife and Parks)
- L. The representatives from the utility companies indicate that there are no additional needs for the utility easements proposed for this property.
- M. Perimeter closure computations should be submitted with the final plat tracing.
- N. Recording of the plat within thirty (30) days after approval by the City Council.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, June 26, 1997 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Dale Miller

S/D 97-35 -- Final Plat of SUNNYDALE FARMS ADDITION

June 19, 1997 - Page 2

NOTE: This final plat covers land in the county recommended by the Sedgwick County Comprehensive Plan for agricultural uses, and is zoned RR, Rural Residential. The City of Wichita is 6 miles away (Hillside and 45th Street). Park City is 3.5 miles away.

- A. Municipal sanitary sewer and water services are not available to serve this property, so the applicant should contact the Environmental Health Division of the Health Department to determine what tests are necessary for approval of on-site facilities. A memorandum indicating approval of on-site facilities should be obtained prior to County Commission consideration of this plat. Health Department has, by letter of May 28, 1997, indicated the soil tests required.
- B. County Public Services indicated no need for improvements or additional dedications to 101st Street. Dedication of access control shall be indicated in the plat's text.
- C. The street name shall be "Sunnydale Farms Court".
- D. County Public Services requires that Sunnydale Farms Court be constructed to a width of 3 lanes (exact width to be determined prior to presentation of final plat) to accommodate fire equipment from 101st Street North to the south line of Lot 3, then taper to a 2-lane road south to the cul-de-sac. If additional right-of-way is needed for the extra roadway width it shall be granted. This will be done in lieu of a second means of access to the subdivision.
- E. The applicant shall guarantee the construction of any drainage improvements required by the platting of this property, including storm sewers.
- F. County Engineering has reviewed and approved the applicant's drainage concept.
- G. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- J. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
