and platted "THE HAVENS", an Addition to Wichita, Sedgwick County,
Kansas, and that the accompanying plat is a true and correct exhibit
of the property surveyed, described as and being a replat of Lots 1
through 29, inclusive, Block 1, Bay Country, an Addition to Wichita,
Sedgwick County, Kansas, TOGETHER with that part of Cedar Down
Court and Cedar Down Circle lying between said Lots, TOGETHER with
that part of Reserve "A" is said Bay Country lying between Lots 25
and 26, Block 1, in said Bay Country, and TOGETHER with that part
of said Reserve "A" described as follows: Beginning at the most
southerly front corner of Lot 22 in said Block 1; thence southeasterly
along the southerly right-of-way of Cedar Down Circle as dedicated in
said Bay Country, an arc distance of 20 feet to the NW corner of
Lot 21 in said Block 1; thence southerly along the west line of said
Lot 21 to the SW corner of said Lot 21; thence westerly along the
south line of said Lot 21 as extended west to an intersection with
the southwest rear line of said Lot 22 as extended southeasterly;
thence northwesterly along the extended southwest rear line of said
Lot 22 to the most southerly corner of said Lot 22; thence north-
easterly along the southeast line of said Lot 22 to the point of
beginning.

All being situated in the NE1/4 of Sec. 24, Twp. 27-S, R-2-W
of the 6th P.M., Sedgwick County, Kansas.

Existing public easements and dedications being vacated by virtue
of K.S.A. 12-512(b).

S/D 98-50 - One-Step Final Plat of THE HAVENS

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on June 11, 1998, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of June 5, 1998.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision, along with five (5) copies, to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.
4. Submission of a disk to the Planning Department detailing this plat. This will be used by the City and County GIS Departments.

S/D 98-50 - One-Step Final Plat of THE HAVENS

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, June 4, 1998, the above captioned plat was considered. The action of the Committee was to approve the final plat, subject to the following:

-
- A. The applicant shall guarantee the extension of City water and sanitary sewer to serve the lots being platted. City Engineering needs to comment on the need for any additional guarantees. *A respread agreement is needed to be submitted in regards to the existing special assessments.*
 - B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning department for recording.
 - C. City Engineering needs to comment on the status of the applicant's drainage plan. *The drainage plan is approved. A guarantee will be required that may be part of the paving project. Minimum pad elevations need to be platted for the lots adjacent to the existing lake.*
 - D. Complete access control along Central has been dedicated on the plat for the proposed residential lots backing up to Central. The plat denotes three openings along Central for the two non-residential lots. Traffic Engineering needs to comment on the need for shared access points for the non-residential lots. The final plat tracing shall denote distances for all segments of access control.
 - E. Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to

own and maintain the reserves prior to the association taking over those responsibilities.

- F. **Traffic Engineering** needs to comment on the need for improvements to Central.
- G. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- J. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- K. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- L. The owner of the subdivision should be aware of the fact that the development of any subdivision greater than five (5) acres in size may require an NPDES Storm Water Discharge Permit from the Kansas Department of Health and Environment in Topeka. Further, on all construction sites, the City of Wichita requires that best management practices be used to reduce pollutant loadings in storm water runoffs.
- M. Perimeter closure computations shall be submitted with the final plat tracing.
- N. Recording of the plat within thirty (30) days after approval by the City Council

and/or County Commission.

- O. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property. **KG&E and Southwestern Bell have requested additional easements.**
- P. The applicant is reminded that a disk shall be submitted with the final plat tracing to the Planning Department detailing this plat. This will be used by the City and County GIS Department.
- Q. **City Fire has requested that the street names be revised to read "Cedar Downs".**

If this plat requires the guaranteeing of improvements, a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also certificates, which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit, are also available from this office.

The enclosed "marked" copy of the plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, June 11, 1998, at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Neil Evan Strahl, AICP
Senior Planner, Current Plans Division
