ATTEST:

Karen Sublett, City Clerk

City of Wichita
City Council Meeting
February 5, 2007

TO: Mayor and City Council Members

SUBJECT: ZON2004-00024 – Extension of time to complete the platting requirement for a zone change from “SF-5” Single-Family Residential and “LC” Limited Commercial to “LI” Limited Industrial. Generally located northeast of the 47th Street South and Broadway intersection. (District III)

INITIATED BY: Metropolitan Area Planning Department *JLS*

AGENDA ACTION: Planning (Consent)

Staff Recommendation: Approve two-year extension of time to complete platting with a new platting deadline of January 20, 2009.

Background: On July 20, 2004, the Wichita City Council considered the above request. The action of the City Council was to approve, subject to platting within one year, and the provisions of Protective Overlay #142. The applicant has since received two platting extensions through January 20, 2007. The applicant indicates in the attached letter that the plat has been submitted and approved by MAPD; the applicant is in the process of revising the plat drainage plan in response to a new FEMA Drainage Study. Therefore, the applicant requests an additional two-year platting extension.

Analysis: Staff recommends that a two-year extension of time to complete platting requirements be granted to January 20, 2009. The City Council may deny the request for an extension of time to complete platting. Denying the extension would declare the zone change null and void and would require reapplication and rehearing if the property owner still desired a zone change.

Financial Considerations: None.

Goal Impact: Promote Economic Vitality and Affordable Living.

Legal Considerations: No legal documents are required to enact the granting of the platting extension. The granting of a platting extension is indicated via letter to the applicant noting the extended platting deadline as granted by the City Council.

Recommendations/Actions: Approve a one-year platting extension to January 20, 2009.
