Re: S/D 96-48 - AUBURN HILLS POOL HOUSE ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on July 25, 1996, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of July 18, 1996.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

Re: S/D 96-48 - AUBURN HILLS POOL HOUSE ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, July 18, 1996, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- A. The applicant is advised that platting this site as a lot does not allow it to be used directly as a neighborhood swimming pool/recreational site. Approval of such uses on a one-family zoned lot will require additional approval by either the Board of Zoning Appeals, or approval as a conditional use.

This site may, however, be platted as a Reserve. If this site is platted as a Reserve, covenants need to be provided concerning the Reserves ownership and maintenance, a site development plan needs to be submitted to Planning for review and approval [see Article 7-209(J) of Subdivision Regulations] and the platlor's text needs to specifically indicate the intended uses of the Reserve for a swimming pool, clubhouse, and so forth.

It should be noted that the platting of a Reserve only, for such a purpose is not typical. Rather, such a Reserve(s) is typically identified as part of an overall subdivision's layout.

- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- C. The applicant shall guarantee any drainage improvements required by the platting of this property.
- D. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- E. On the final plat tracing, Deputy shall be deleted from the City Clerk's signature line.

July 18, 1996

Page 2

- F. As noted by the platting binder, a mortgage is behind held by the State Bank of Colwich. This party needs to either be shown as a signatory on the final plat tracing or a release of the mortgage submitted to Planning.
- G. A number of easements are listed in the platting binder. If these easements are being replatted, proper reference to KSA 12-512(b) should be noted on the plat. In any case, the applicant's agent shall submit to Planning, information on the location of these easements.
- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- J. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- K. Recording of the plat within 30 days after approval by the City Council.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, July 25, 1996 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Don Losew
Senior Planner
