State of Kansas) SS We, Baughman Company, P.A., Surveyors in
Sedgwick County) do hereby certify that we have surveyed
and plotted "CRESTVIEW COUNTRY CLUB ESTATES, KIMBERLY HILLS 2ND
ADDITION", Sedgwick County, Kansas, and that the accompanying plat is
a true and correct exhibit of the property surveyed, described as
follows: Beginning at a point on the west line of the NW 1/4 of
Sec. 14, Twp. 27-S, R-2-E of the 6th P.M., Sedgwick County, Kansas,
said point being 1593.28 feet south of the NW Corner of said NW 1/4;
thence $N89^{\circ}11'12''E$ along the south line of Killenwood Drive as platted
in Crestview Country Club Estates, Kimberly Hills Addition to Sedgwick
County, Kansas, 180.55 feet to the P.C. of a curve to the left; thence
along said curve, having a central angle of $56^{\circ}47'28''$ and a radius
of 170.18 feet, an arc distance of 168.68 feet, (having a chord length
of 155.27 feet bearing $N59^{\circ}32'17''E$), to the P.T. of said curve; thence
 $N32^{\circ}23'44''E$ along the south line of said Killenwood Drive, 100 feet to
the P.C. of a curve to the right; thence along said curve, having a
central angle of $13^{\circ}58'07''$ and a radius of 328.88 feet, an arc distance
of 80.14 feet, (having a chord length of 79.98 feet bearing $N39^{\circ}22'47''E$),
to the NW Corner of Lot 19, Block 1, in said Crestview Country Club
Estates, Kimberly Hills Addition; thence $S31^{\circ}06'00''E$ along the west
line of said Lot 19 and Lot 18 in said Block 1, 236.56 feet to the
SW Corner of said Lot 18; thence $S34^{\circ}12'00''W$, 102.03 feet; thence
 $S28^{\circ}34'57''W$, 102.03 feet; thence $S89^{\circ}11'12''W$, 440 feet to a point
on the west line of said NW 1/4, said point being 155 feet south of
the point of beginning; thence $N00^{\circ}48'48''W$ along the west line of
said NW 1/4, 155 feet to the point of beginning.

Re: S/D 96-20 (Final Plat) CRESTVIEW COUNTRY CLUB ESTATES KIMBERLY HILLS 2ND
ADDITION

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on April 25, 1996, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of April 18, 1996.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

Re: S/D 96-20 (Final Plat) CRESTVIEW COUNTRY CLUB ESTATES KIMBERLY HILLS 2ND
ADDITION

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, April 18, 1996, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- A. Since this site will be using Wichita water, an outside-the-City water agreement shall be provided.
- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted. This guarantee will be with the County. The applicant is advised that this site is subject to the 4-Mile Creek impact fee.
- C. The applicant shall guarantee any drainage improvements required by the platting of this property.
- D. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- E. *with reduced - drawings showing wider easement than*
The applicant's agent has indicated that the pipeline crossing this site (Lot 1) is to be reduced in width. If such a reduced easement is shown on the final plat tracing, proof shall be provided of such a change in this easement. *Swain*
- F. For the pipeline easement on this property, the final plat shall include in the labeling of the easement the name of the company benefiting from the easement agreement.
- G. Any relocation, lowering or encasement of the pipeline, made necessary by this development, will not be at the expense of the County.
- H. In regard to building setbacks on Lot 1, the final plat tracing shall clearly label any pipeline

April 18, 1996

Page 2

setback as a "pipeline" setback. The eastern edge of the pipeline easement if it is 15-feet or greater along Lot 1's western line, should also be labeled as a "platted building setback".

I. Neither the indicated sign easement or golf cart easement are public in nature and should not nor could they be created by the plat. That is, the governing body (County) has no interest in accepting easements for signs or golf carts or other access to a private golf course. Such easements need to be established by separate instrument, granting to whatever benefitting party (non-public) the easements are intended to serve. It is recommended that such easements be created now and shown in regard to film and page on the final plat tracing. But again, these are not public easements and cannot be created by the plat. As noted by the applicant, the golf cart easement is expected to be shown on Lot 2 instead of Lot 1. *not shown*

J. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)

K. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.

L. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.

M. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).

N. Recording of the plat within 30 days after approval by the City Council.

O. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 30, Marquette, KS 67464 (913-546-2294) or Kansas Department of Wildlife and Parks, P. O. Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.
