Re: S/D - 87 LINDER ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on January 11, 1996, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of January 4, 1996.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

Re: S/D - 87 LINDER ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, January 4, 1996, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- A. The applicant shall guarantee the extension of sanitary sewer to this site and the final plat tracing shall grant an appropriate easement for such an extension. The applicant is also advised that any development on the eastern portion of this site will need to be served by a separate line to the east of the site. Consequently, another or separate guarantee would be required to extend sanitary sewer from that direction in addition to the extension serving the site's western portion.
- B. The applicant shall guarantee any drainage improvements required by the platting of this property. Such improvements shall be provided at the time of site development.
- C. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- D. — *Provide for on plat + platter's text instead of contingent*
The applicant shall provide by separate instrument the contingent dedication of access control such that upon a change in this site's present use, only one (1) opening will be allowed to Woodlawn from this Addition. This instrument shall note that the cost of closing one of the openings will be born by the property owner. The face of the plat shall also note that a separate instrument has been filed granting such a contingent dedication.
- E. In regard to the access control noted in the platter's text, the text shall be corrected to note that access control is being dedicated across the lot's "west" line, not the "east" line.

This plat will not be released for recording until proof is provided that all applicable

see copy of CE to County To

property taxes have been paid. The platting binder indicates that presently over \$1,378 in taxes are outstanding.

- G. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- H. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- I. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- J. Recording of the plat within 30 days after approval by the City Council.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, January 11, 1996 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Don Losew
Senior Planner
