Re: S/D 95-8 PAWNEE AND WEST INDUSTRIAL PARK 2ND ADDITION (Final Plat)

Dear Mr. Savoy:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, March 16, 1995, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- A. Based upon the significant changes in this plat's design, in particular the platting of West St. Ct., this site will require the submission of new guarantees. Specifically, guarantees for sanitary sewer, water, drainage, and paving (West St. Ct.) shall be provided.
- B. As noted by Traffic Engineering, a guarantee shall be provided for a decel lane to serve West St. Court.
- C. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- D. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- E. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- F. The final plat tracing shall indicate the utility easements requested by K.G.& E. and Southwestern Bell which were indicated on a "marked" copy of the plat submitted to the applicant. Specifically ten (10) foot utility easements shall be shown along the common lot lines of; Lots 1 & 2, Lots 3 & 4, Lot 5 & 6, Lots 6 & 7, and Lots 9 & 10.

- G.* Originally, the applicant was requesting that Lot 1 be allowed an opening to West Street in order to actually allow the property to the north to use such opening. A recent lot split involving that property no longer indicates the need for such access. The final plat tracing shall therefore indicate complete access control to West Street from this lot. Both the face of the plat and the plat's text shall indicate this access control.
- H.* In regard to access control, the plat's text shall be amended to indicate the dedication is to the City of Wichita and since no openings to West are now needing approval, reference to the Appropriate (City) Engineer can be deleted.
- I.* On the final plat tracing, property owner's names shall be printed below their signature lines.
- J.* Perimeter closure computations shall be submitted with the final plat tracing Section 5-101(c).
- K.* Recording of the plat within 30 days after approval by the City Council.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, March 23, 1995 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Don Losew
